

# Congo Still Posing Problem for U.N.

## Security Council Wrestles With Question of Trying to Hold Provinces Together

Chicago Daily News Service

UNITED NATIONS — The 11 nation Security Council today wrestles with the nearly impossible problem of holding together a crisis-ridden Congo fast crackling apart.

As reports of mutiny and open defiance of the United Nations force reach here it looks as if the peacekeeping accomplishment is in the Congo of Dag Hammarskjöld are being wiped out.

Angry, frustrated Africans want to use U.N. force to oust Belgian army and foreign mercenaries. See page 1 for details.

United States is becoming increasingly identified with Europe and separated from Asians and Africans.

Indicate Approval — U.S. diplomats here indicate approval of an Asian-African proposal for vigorous new U.N. action to try to unify the Congo provided certain words are omitted.

But Washington officials are inclined to reject the Asian-African approach entirely, again leaving the Asian Africans opposed by the West and embraced by Moscow.

If Stevenson's team here prevails the Americans will accept the Asian African plan provided undue spotlighting of breakaway Katanga province is dropped and a dangerously vague wording on depriving hostile elements is omitted.

The council yesterday heard appeal for a conciliatory approach by foreign ministers Oosten, Under of Sweden and Paul, Henry Spaal of Belgium along with French Ambassador Armand Bérard.

Denied Charges — Denying U.N. charges of Belgian obstruction in Katanga, Spaal called for an impartial international investigation. Both

Speak and Bérard insisted they want Katanga integrated into the Congo but by negotiations not force.

Congo Foreign Minister Justin Bomboko replied that Katanga President Moïse Tshombe demands recognition as a State before he will negotiate. This can reach here it looks as if the peacekeeping accomplishment is in the Congo of Dag Hammarskjöld are being wiped out.

## Fallout Shelter Family Affair, Official Says

DETROIT AP — It is up to the individual to provide fallout protection for his family in the event of a nuclear disaster, an administration official said Wednesday.

With certain obvious exceptions it is the view of the federal government that people should provide fallout protection for their families," said John E. Cosgrove, assistant director of the Office of Emergency Planning.

Cosgrove, assistant director of the Office of Emergency Planning, addressed a session of a White House regional conference which concluded Wednesday night.

He added that the government's position did not rule out community neighborhood or state action in providing fallout protection.

Asked if a person should aim himself to prevent a neighbor from getting into his shelter, Cosgrove said the federal government does not favor shooting one's neighbor. Experience in war and disasters has shown that people are very cooperative.

## Teacher Offers Students Puff On Cigarette

SACRAMENTO, Calif. (AP)—Substitute teacher Ernest Bury, 30, thought the most scientific way to demonstrate the evils of tobacco to eight graders would be to let them puff a cigarette.

Bury, who doesn't smoke, borrowed a cigarette from a student at James Salk School and suggested each child take a puff.

About half the class of 30 tried it. One girl got queasy and complained to the principal, who called the superintendent, Fred J. Kiesel. He fired Bury.

Allowing youngsters to smoke is certainly contrary to the teaching of morals to children and is deeply regretted, said Kiesel. I was simply thinking as a scientist, Bury said.

## Algerian Nationals

## France Faces Pressure On Fasting Prisoners

PARIS AP — President Charles de Gaulle today faced mounting pressure from abroad to release three fasting Algerian national leaders who reportedly intend to continue their hunger strike until set free.

Three Moroccan ministers sent by King Hassan II to plead with de Gaulle for the release of Mohammed Ben Bella, vice premier of the Algerian rebel government and two rebel ministers, announced Wednesday night that they were delaying their departure for home.

The announcement raised speculation that de Gaulle may be showing signs of freeing the three rebel leaders to avoid making them martyrs in Algeria's fight for independence.

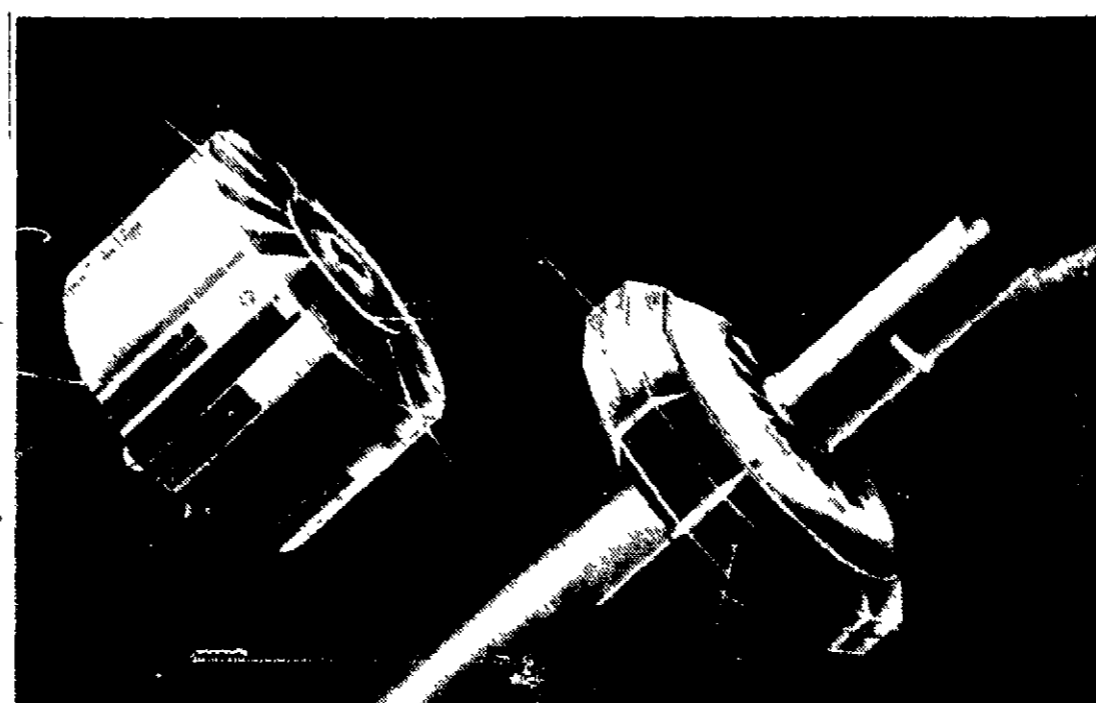

Three Transferred — Ben Bella and his fellow prisoner, Hussein Ait Ahmed, and Mohammed Khider, were transferred under heavy guard from the Chateau de Turquant in the Loire Valley to Garches Hospital near Paris Monday night when French officials became concerned about their health.

The three started their fast Nov. 2 along with about 3,900 other Algerian prisoners in France who are on a hunger strike demanding better prison conditions.

Algerian spokesmen had indicated earlier that Ben Bella and his two ministers were demonstrating solidarity with all Algerians imprisoned by the French. But their attorneys made it clear that the three are fasting for their freedom. Ben Bella is determined to go on "to the end," his lawyer said.

Talked To De Gaulle — The Moroccan ministers arrived Tuesday and talked with de Gaulle and Foreign Minister Maurice Couve de Murville. They conferred again with Couve de Murville Wednesday and after a hospital visit with the fasting Algerians paid him a second visit Wednesday night.

In New York, meanwhile, the U.N. General Assembly by a 62-0 vote appealed to France to redress the legitimate grievances of

The Defense Department Released this drawing in Washington Wednesday after a rocket was fired at Cape Canaveral in an effort to put two satellites into orbit at once. They are the drum-shaped transit 4B navigation satellite, at left, and the doorknob-shaped TRAAC, named for transit research and altitude control.

## Record Price Paid For Noted Painting

### New York Museum Purchases Rembrandt for \$2.3 Million

BY MILES A. SMITH

Associated Press Arts Editor

NEW YORK (AP) — Rembrandt's masterpiece "Aristotle Contemplating the Bust of Homer" shortly will go on exhibition at New York's Metropolitan Museum of Art, which Wednesday night paid it \$2.3 million—the highest known price for a single painting.

The artist got 500 florins for it, the modern equivalent for that being \$7,300.

And the National Gallery in Washington, which broke the record for auction prices for the second time in the evening, will display Fragonard's magnificent beautiful "La Lisette," a picture of a young woman reading the book "The Sorrows of Young Werther."

Record Night — It was a record-topping night at the Parke Bernet Galleries as 74 old masters brought \$4,679,250. They were from the collection of Alfred W. Lusk, New York advertising man who died in 1936, and his widow Anna who died last February. The auction took just under an hour.

There is no way of proving or disproving how much one painting might have brought in a private transaction at some point in his life. But even guesses and rumors seldom have gone above \$1 million to \$1.5 million. It never has been denied that when the late Andrew Mellon—whose pictures now are in the National Gallery—paid the Russian government \$21 million for seven pictures in 1932, Raphael's "Alba Madonna" was rated at a little more than \$1.1 million.

The record for a single painting

at auction was \$770,000 for Rubens' "The Adoration of the Magi" at a London sale in 1959.

The record for a collection at auction was \$2,186,000 for seven French moderns in London in 1958.

Highest Ever — Leslie A. Hyam, Parke Bernet president, said that so far as anyone in the art world could tell, the "Aristotle" price was by far the greatest figure ever achieved.

He said the Fragonard brought two or three times more than any previous Fragonard.

The "Aristotle," 56 1/2 by 53 1/2 inches, shows the philosopher gazing in dark robes a golden yellow mantle and a broad black hat. He stands with his hand on the bust of the poet. It is signed and dated 1653.

A private collector living in New York, whose name was not announced, got the third most valuable painting in the sale. It was the early Venetian Carlo Cignelli's "Madonna and Child" of 1472, the central panel of a polychrome. Other panels are in the Cleveland Museum of Art, the Brooklyn Museum and the Metropolitan, which has two.

Not all the Erickson paintings will remain in America. A London dealer, Edward J. Speelman, paid \$180,000 for another fine Rembrandt, "Portrait of an Old Man." A third Rembrandt, a portrait of Prince Frederick of Orange, went for \$130,000 to the New York dealer M. Knoedler & Co. The London dealers Thompkins and Agnew & Sons paid \$105,000 for a portrait of Princess Sibylle of Cleves by Lucas Cranach the Elder, and \$60,000 for a Raeburn

# U. S. Urged to Use Economic Powers In Talks With Reds

## Trade Could be Nation's Best Weapon, Expert Tells Congress

Chicago Daily News Service

WASHINGTON — The United States must "stop playing at cold war" and start using its best weapons to beat the Russians.

Our strongest weapons are trade policy and economic "leverage" — in the view of Samuel P. Hays, international lawyer and expert on international trade. He outlined his position today in a report prepared for the Joint Economic Committee of Congress.

He urged the United States to change its trade policies so it could use economic power in political situations. He cited Berlin of the Confederation of Perugia" as an example—suggesting that a unified free world trade policy might force the Soviet bloc to proceed cautiously.

East-West trade, he said, is far more important to the Soviet bloc economy than to the Free World.

More Authority — President Kennedy must be given more authority over trade policy, said P. Hays, so that he will have "greater bargaining power" and more flexibility of action.

If free world trade policy were united, the West could threaten to cut off all trade with Russia when presented with an ultimatum on such an issue as Berlin.

But the President would have to be in a position to offer trade concessions to other Western nations that would be hurt by such action.

P. Hays urged the United States to counter the Soviet gambit of expanded trade with our allies and with underdeveloped nations.

No Proclamations — "It is no longer sufficient," he said, to proclaim to the free world that economic intercourse with communist countries is dangerous, immoral and one-sided in its benefits.

The United States, he continued, can ill afford the consequences of its present "economic trade" posture of vacillation at home and isolation abroad.

P. Hays said the United States has tied its own hands by failure to

revamp tariff laws, trade policies and agreements with other free world nations.

U.S. trade with Russia and Soviet bloc nations is virtually nonexistent. However, Soviet trade with the rest of the free world has increased greatly over the last 10 years, and Russia has been able to get any technical assistance it wanted from our allies.

Failure of the United States to make a realistic appraisal of the problems of allies, he said, has forced them to trade with Russia while the United States isolated itself and punished U.S. businessmen by allowing the export of fewer items and less technology.

Gives Key — "The key to an effective strategy," said P. Hays, "is the coordination of allied economic policies toward the communist bloc. While we possess the overwhelming superiority in terms of material and industrial resources, we lack the high degree of coordination of the Soviet Bloc has."

These are the goals P. Hays sets for intelligent use of U.S. economic power.

—Set up effective controls on East-West trade in agreements with other free world nations—especially the industrial powers.

—Give President Kennedy broad powers to change tariff levels with other nations so that he can offer Allies an alternative to red trade and be in a position to penalize the nation that trades with the Reds against our wishes.

—Give the President the same powers to deal with the Soviet bloc so that he can offer economic favors or threaten to cancel them in the face of a political crisis like Berlin.

Today's Chuckle — A good way to make your car run better is to have a salesman quote you a price on next year's model (Copr 1961).

## Appleton Man Acquitted of Boating Charge

MIWAUKEE AP — Adrian A. L. Kelly, 43, of Appleton was acquitted Wednesday by a U.S. District Court jury of charges of negligent boating brought after an accident on the Fox River last August.

The charges were an outgrowth of a tugboat collision near Fremont.

Cmdr. John Caffrey, who is charged testified in the court of Judge Kenneth Grubb that Kelly eluded violated water safety regulations.

Caffrey also testified that Mrs. Donald Minkling of Neenah, who was in the other boat with her husband, suffered facial shoulder and leg injuries in the crash.

The trial was the first here in recent years under federal boating law.

## Soviet Aid Planned

MOSCOW (AP)—The Soviet new agency reported today that Soviet technicians soon will begin construction of an oil refinery for Ethiopia at the Red Sea port of Assab. The news agency said the refinery would have a capacity of 500,000 tons a year.

# Fallout Shelter Overemphasis Threatens Citizen's Morale

**BY WALTER LIPPMANN**

The fear and bewilderment which enshroud the business of fallout shelters are threatening to corrupt the morale of our people. The evil comes from telling them that they are in danger of being exterminated, and that they can and should save themselves separately, each family for itself, and the devil take the hindmost. This is the way to breed panic. It is like telling the passengers of a ship that the ship may sink and that while there are not enough life preservers for everyone, each man should try to make one for himself.

Let us find out if we can how we got into this mess and how we can get out of it.

The record shows clearly, it seems to me, that the trouble was caused by what the president said about shelters in the address of July 25, dealing with the Berlin crisis. The popular excitement and interest in shelters date from that address. For in it the nation was told, or at least encouraged to believe, that at Vienna in June Khrushchev had delivered a six months ultimatum to Kennedy, and that since we rejected the ultimatum firmly, a thermonuclear war was quite possible by the end of December. It was in this context that the president told the people that in the coming months he would let every citizen know what steps he could "take with-out delay to protect his family in case of attack."

**Bad Mistake**

It was a very bad mistake to tie together the six months deadline about Berlin with a call for immediate action to each citizen to save his family. For the fact is that no serious program of fallout shelters can conceivably be carried out in six months by private initiative. But being told to try it has frightened people with-out doing anything to save them.

That the impression conveyed by the address of July 25 was a mistake is evident from the fact that only two months earlier, in the president's special message of May 25, he had expounded the concept of civil defense coolly, clearly, and exactly. In view of the state of mind which now prevails in the country, what he said then is worth quoting at length.

"This administration has been looking very hard at exactly what civil defense can and cannot do. It cannot be obtained cheaply. It cannot give an assurance of blast protection that will be proof against surprise attack or guaranteed against obsolescence or destruction. And it cannot deter a nuclear attack."

**Retaliatory Power**

"We will deter an enemy from making a nuclear attack only if our retaliatory power is so strong, and so invulnerable that he knows he would be destroyed by our response. If we have that strength, civil defense is not needed to deter an attack. If we should ever lack it, civil defense would not be an adequate substitute."

"But this 'deterrent concept' assumes rational calculations by rational men." And the history of this planet is sufficient to remind us of the possibilities of an irrational attack, a miscalculation, an accidental war which cannot be either foreseen or deterred. The nature of modern warfare heightens these possibilities. It is on this basis that civil defense can readily be justified — as insurance for the civilian population in the event of such a miscalculation. It is insurance we trust will never be needed — but in the event of catastrophe, we could never forgive ourselves for foregoing the event of catastrophe."

**Protect Millions**

"Once the validity of this concept is recognized, there is no point in delaying the initiation of a nationwide long-range program of identifying present fallout shelter capacity and providing shelter in new and existing structures. Such a program would protect millions of people against the hazards of radioactive fallout in the event of a large-scale nuclear attack. To assure effective use of these shelters, additional measures will be required for warning, training, radiological monitoring, and stockpiling of food and medicines. And effective performance of the entire program requires not only new legislative authority and more funds, but also sound organizational arrangements."

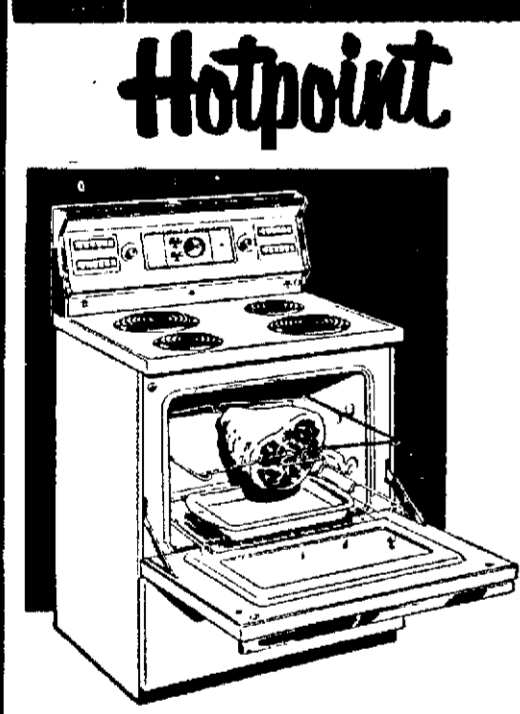

The crucial difference between May 25 and July 25 is this. Before his encounter with Khrushchev in Vienna, the president saw clearly and said clearly that a serious shelter policy would have to be a long-range program, that it could not be cheap, and that it would require new planning and new organization. On July 25 he gave the impression, though his exact words do not say so, that a shelter program could be carried out as an emergency measure, against the six months ultimatum.

It is the treatment of the policy on shelters as an emergency measure which has caused all the trouble. Why this policy as an emergency measure was decided upon between the month of June and the last week of July is a question we shall have to leave to the historians. What we have to do now, however, is clear enough. We have to return to the policy and doctrine of the message of May 25, and the sooner this is done, the better.

It is the business of diplomacy to avoid getting into and to avoid getting the other side into the dead-end street. This is the nuclear age, and in the nuclear age, a government could, as George Washington said, "choose peace or war, as our interest, guided by justice, shall counsel." (Copyright, 1961)

# Quick Action Expected on Nelson's Plan

CONTINUED FROM PAGE 1

man Glen Pommerening of Wauwatosa worked out the new agreements with the governor on Tuesday afternoon. Alfonsi said that if the amendments are made part of the bill, he and Pommerening, "and I imagine quite a number of others," would support the measure.

Alfonsi said the amendments would incorporate these changes:

## Personal Exemption

The half per cent increase in income tax rates proposed by the governor would be raised to one per cent, but personal exemptions would be increased from \$7 to \$10 for persons under 65 years of age and from \$7 to \$15 for those over 65.

All surtaxes on individual incomes would be eliminated. The 1960 surtax was 20 per cent and Nelson's bill would keep it at that level for 1961 and 1962.

Individuals and corporations would be allowed deductions for past state taxes paid, but deductions for federal income taxes would be eliminated. The governor's plan would have eliminated both deductions.

All restaurant meals would be subject to a three per cent sales tax. The present Nelson proposals call for the levy only on meals costing \$1 or more.

The bill's three per cent sales

tax feature would be broadened to include jewelry on the list of items subject to the tax. Fuel and telephone service charges would be added on the business side.

Panzer said the 11-man committee that met with the governor in earlier compromise attempts would confer with him again on the redistribution issue and chances of adding other items to the list of those subject to the sales tax.

House Speaker Sam Rayburn, right, who died today in Bonham, Tex., appeared last December with President Kennedy and Vice President Lyndon Johnson at Palm Beach, Fla., before the inauguration.

# U.N. Airmen From Italy Suffer Brutal Deaths

CONTINUED FROM PAGE 1

returned to Kindu for another attempt to secure the Italians' release and to quell what was described as an open mutiny

against the authority of the central government. Diplomats in Leopoldville said Gizenga himself was responsible for the mutiny.

The 13 Italian airmen had flown into Kindu in two C-119 transports on a routine mission Saturday. Congolese troops attacked the airmen in the U.N. Malayan officers' mess, manhandled and beat them and took them off to the town prison.

Eyewitness reports to the U.N. said the men were shot before a

# Rayburn's Death Came From Incurable Cancer

CONTINUED FROM PAGE 1

bers of his family, doctors on the hospital staff and several nurses.

## Family Leaves

The members of the family left the hospital shortly after his death.

Rayburn achieved one wish concerning his death but failed in another.

"I want to die with my boots on and with my gavel in my hand," the venerable dean of 20th century politics told friends when he left Washington at the end of August for what was to be his final departure.

"They're going to have to carry me out of here, God willing. I love this House," he said.

## Love and Loyalty

Later, when illness ravaged his body, his associates quoted him as saying he wanted to return to this community, his hometown, to end his days among "those friends and neighbors who for so long have given me a love and loyalty unsurpassed in any annals."

He was brought to this town of 7,000 persons Oct. 31 from Baylor Hospital in Dallas, 75 miles south-east of here.

A diagnosis of cancer was made shortly after he entered Baylor Oct. 2 for a series of tests to determine what was causing a chronic back ailment.

At one point, when he had wasted away from 176 pounds to 130, he told a great-nephew, Robert Bartley Jr., 23, that "this is the damndest thing that ever got a hold of me."

President Kennedy flew 3,000 crowd. When U.N. officials later confronted the local Congolese commander, he pleaded ignorance of the events and intimidated his men beyond his control. "You know how soldiers are," he reportedly told the U.N. officials. The shot was intended to

probe briefly the Van Allen radiation belt with a parcel of instruments.

Transit 4B is the fifth and last test satellite in the series aimed at an operational network of four transits by the fall of 1962.

The Atomic Energy Commission reported the grapefruit-sized atomic generator in 4B is operating. The first unit of this type was aboard transit 4A last June and gave the United States a large lead over the Soviet Union in harnessing nuclear power for space exploration.

Thursday, Nov. 16, 1961 Appleton Post-Crescent A14

space. It is officially called Traac for transit research and attitude control.

In a day or two—if all goes right—a ground station will send a signal to activate electromagnets in Traac, causing the satellite to follow the earth's magnetic field. Six days later another signal will start a motor which will push a boom less than half an inch in diameter 60 feet out of the top of the satellite. In another eight days, a thin coil spring with a five-pound weight on top will eject from a 1½ pound platform on the tip of the boom and add another 40 to 60 feet to the length.

## Separates in Space

Scientists are eagerly awaiting results of the "Dumbbell" satellite which separated from 4B in length.

# U. S. Launches Three Satellites In Same Day

CONTINUED FROM PAGE 1

er, the launch technique and ground electronics equipment were given a trial.

The Air Force announced plans to send into orbit next month a 10-pound satellite named Oscar (for orbiting satellite carrying amateur radio) to beam signals to more than 200,000 amateur radio operators in this country. Intended to be kicked loose from a Discoverer, Oscar will enable the ham to practice the art of tracking and observing a moving space object.

In the only failure, an Argo D8 rocket broke apart shortly after it lifted off from Point Arguello, Calif. The shot was intended to

# Build Community Shelter

BY PROF. WILLARD F. LIBBY

The cheapest, most sensible shelter is the community or neighborhood type accommodating 50 to 100 persons or more.

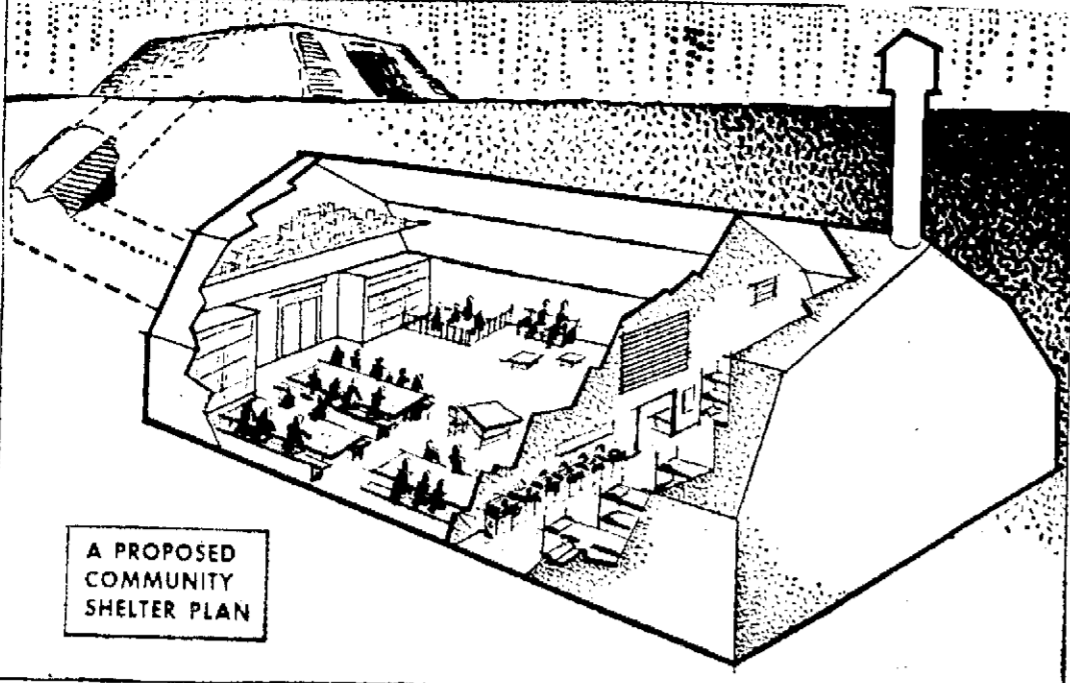

You and neighbors can build one for about \$100 per family member. This could well be five to 10 times less than building an equally effective individual family shelter. The larger the community shelter, the cheaper it is.

Few people remember that just such a community shelter was actually tested in Nevada a few years, virtually under an A-bomb, with two dozen men inside.

The shelter "rocked like a ship," they said, but they and the shelter came through the blast and fallout in perfect shape.

And few Americans realize that the Soviets are far, far ahead of us in building shelters, especially of the type for 100 persons or more.

Expert students of Russia's civil defense vouch for this, despite Madame Khrushchev's recent statement that the Soviet Union was not building shelters. To the contrary, the Soviet program even provides for compulsory training in defense and survival to make nuclear war less costly in human lives.

A PROPOSED COMMUNITY SHELTER PLAN

equipping it with radiation meters clubhouse, recreation hall or meeting place for social functions. Beyond that, the neighbors would certainly need not be considered still have to contribute food, an emergency building in case of blankets and other supplies.

Such a community shelter would be very effective, and far more comfortable than the economical requirements, getting approval of poor man's shelter which is de- the Civil Defense Office, perhaps signed solely to keep you alive, a bank loan, and engaging a reliable contractor.

Designs for community shelters are available from your local office of Civil Defense. (Friday: Big city shelters.)

## Queen's English

### That Ozark Talk is The Real 'Durn Thang'

BY HAL BOYLE

NEW YORK (AP)—"After Billy ing to blow us all to hail." Bob clumb the nar lath of the far "Backer—What the oldtimers tar, he was too tard to fix his flat take a chaw od."

Do you find it hard to understand that sentence? If you do, you probably haven't been to the Ozark Mountains recently, and it's time you went there and re-line - driven electric generator, freshed your knowledge of the oxygen supply, and an emergency queen's English—the English of sand-filled exit, among other the first Elizabeth.

But the meaning is clear even to most Midwest flatland hill-billies: "After William Robert climbed the narrow ladder of the fire tower, he was too tired to repair his flat tire."

## Pure Ozark

For the millions of Americans who would like to travel through the Southern Highlands and understand what is said to them, within five minutes by filing in Dale Freeman of the Springfield quickly. It can be completely but- (Mo.) News and Leader, has com- piled a guide he calls "How to talk pure Ozark in one easy lesson—as it might be in a firestorm—talk pure Ozark in one easy lesson or for a week when the outside air is used."

As Dale is more interested in spreading Ozark learning than making a fast buck, here is a quick digest of regional mountain folk talk for those too cheap to buy his dollar book: "Absence—A franch drank, al- cohollic."

"Int—int she a purdy li'l ol' thang?" "Jist—Jist a dadgummed minute there, stranger." "Kin-see—daybreak." "Front Lone "Lone—His wife sayze if he don't mow the front lone she'll whup him over the head with a wet rope." "Mortar—He did it all right, but they made a mortar out of him." "Nome—No ma'am." "Ormy—Junie is a soldier-boy in the army." "Pank—The color of the old lady's bloomers." "Rang—When they got married, he put a rang on her finger, it was a double-rang sirrmonie." "Scwuz—He lack to scwuz her to death." "Slang—It's easy to get your neck in a slang." "Plain 'Igernt' "Thanks—He thanks he's so smart." "Umbrellie—What a true hill-billy wouldn't be caught dead using during arain shar." "Varrus—Virus, Aint Mary had the varrus and lak to passed on." "Walled—Wild, thet girl of hern was too walled for mah boy. There's a lot of walled life in the hills."

"Wove—He wove at a girl and lack to got in trouble."

There's the ABC of mountain talk. If you can't understand it handicapped and, through out girls who married in high school, it's almost certain that they'll face prolonged periods of joblessness as the number of oc-

Your Money's Worth

## Teens Crippled by Early Marriages

BY SYLVIA PORTER

The high school marriage is in a rapid rise in our country today — posing not only major social and legal challenges to our society, but also flashing signals of grim economic and employment problems as well.

For the stark fact is that an overwhelming percentage of the youngsters who marry in high school drop out of school and only a meager few re-enter.

When they marry and drop out of school, they virtually guarantee that they'll sink to the bottom of the labor force and stay there. They voluntarily condemn themselves to being economically handicapped and, through out girls who married in high school, it's almost certain that they'll face prolonged periods of joblessness as the number of oc-

cupations for which they are fit shrinks.

This is a harsh indictment but every word of it can be documented. If you have a teen-ager, study this report carefully, make your child read it, do other parents and teen-agers the favor of passing on the warning.

The extent to which the teen-age marriage has been increasing in the United States is startling. A 26-state survey by the Population Reference Bureau disclosed that in 1958, 39 per cent of all brides and 12 per cent of all grooms were under 20, compared with 32 and 7 per cent respectively in 1950.

The extent to which teen-age marriage interferes with educational attainment is even more alarming. A statewide survey in the February PTA Magazine by Dr. Lee G. Burchinal, revealed that of the girls who married in high school, 80 per cent dropped out and only 20 per cent re-entered. Of the boys, 43 per cent dropped out and only 9 per cent re-entered.

Thursday, Nov. 16, 1961 Appleton Post-Crescent A16

only 9 per cent re-entered. As Science Research Associates will emphasize in a private report mailed in mid-December to guidance counselors in the nation's schools, "Although educational requirements for jobs are continually rising, the chances for further education for boys and girls who marry in high school are very slim."

The social and legal aspects of these marriages are bad enough. Annulment and divorce rates are highest among those who marry in their teens. There's a strong feeling against permitting married students to remain in school. Many schools bar them from taking part in extracurricular activities, many also expel or suspend pregnant wives.

Unskilled to Suffer Even worse from the viewpoint of both the individuals and our nation are and will be the paycheck aspects. In this decade, job opportunities in occupations requiring the most education and training will be skyrocketing and a high school diploma will be a minimum qualification.

At the same time, there will be no increase in the demand for unskilled workers. In the words of Louis F. Buckley, regional director of the Labor Dept., station-pools of young jobless at the time that we suffer from acute shortages of qualified workers.

# Modern Recipes for Old-Fashioned Treats

BY LILLIAN MACKESY  
Post-Crescent Food Editor

There's something special about old-fashioned recipes . . . the busy housewife used to call them "receipts" with no nonsense. Maybe they are special because they stem from the past when women-folk handed down their prized "receipts" from one generation to the next.

For some it may be just plain nostalgia that goes back in memory to a time when baking day was a ritual and a family event. But even young home-makers who grew up with modern kitchens like to collect recipes for old-fashioned favorites. They never lifted an iron lid of an old range full of merry crackle and heat . . . or toasted cold toes on the open oven door after a trip to the dark and earth-floored root and fruit cellar entered by way of two wooden doors outside the house.

Maybe for them it's a borrowed memory . . . cherished from the good things of the past . . . Based partly on a feeling for tradition and possibly one of culinary adventure.

Whatever the reason for the popularity of old-fashioned dishes . . . here are some that keep the flavor and looks of the old but in modern, up-to-the-minute recipe form. Here's to a good old-fashioned baking spree.

**Fresh Apple Cake**  
1 1/2 cups sifted flour  
2 teaspoons baking soda  
1 teaspoon cinnamon  
1 teaspoon nutmeg  
1/2 teaspoon salt  
1/2 cup butter  
1 1/2 cups sugar  
2 eggs, well-beaten  
4 cups pared, finely cut apples  
1 cup whole bran cereal  
Sift together flour, soda, cinnamon, nutmeg and salt. Blend butter and sugar, beating until fluffy. Add eggs and beat well. Stir in apples, bran cereal and sifted dry ingredients.

Spread in well greased oblong pan. Bake in 350-degree oven about 40 minutes. When cool, spread with Fluffy Frosting. Cut into squares to serve. If desired, sprinkle with chopped nuts or decorate with nut halves.

**Fluffy Frosting**  
2 1/2 tablespoons flour  
1/2 cup milk  
1/2 cup butter  
1/2 cup sugar  
Measure flour into small saucepan. Add milk gradually, stirring until smooth. Cook over low heat, stirring constantly, until mixture is thick. Cool.

Blend butter and sugar until fluffy. Add thickened flour mixture and beat until light and of spreading consistency. Spread on cake. For beating the mixture, best results are obtained with an electric beater.

**Jiffy Cherry Braid**  
1 can cherry pie filling  
1 pkg. hot roll mix  
1/2 cup chopped walnuts  
1 tablespoon melted butter  
2 tablespoons sugar

Prepare hot roll mix and let rise, following label directions for a richer dough.

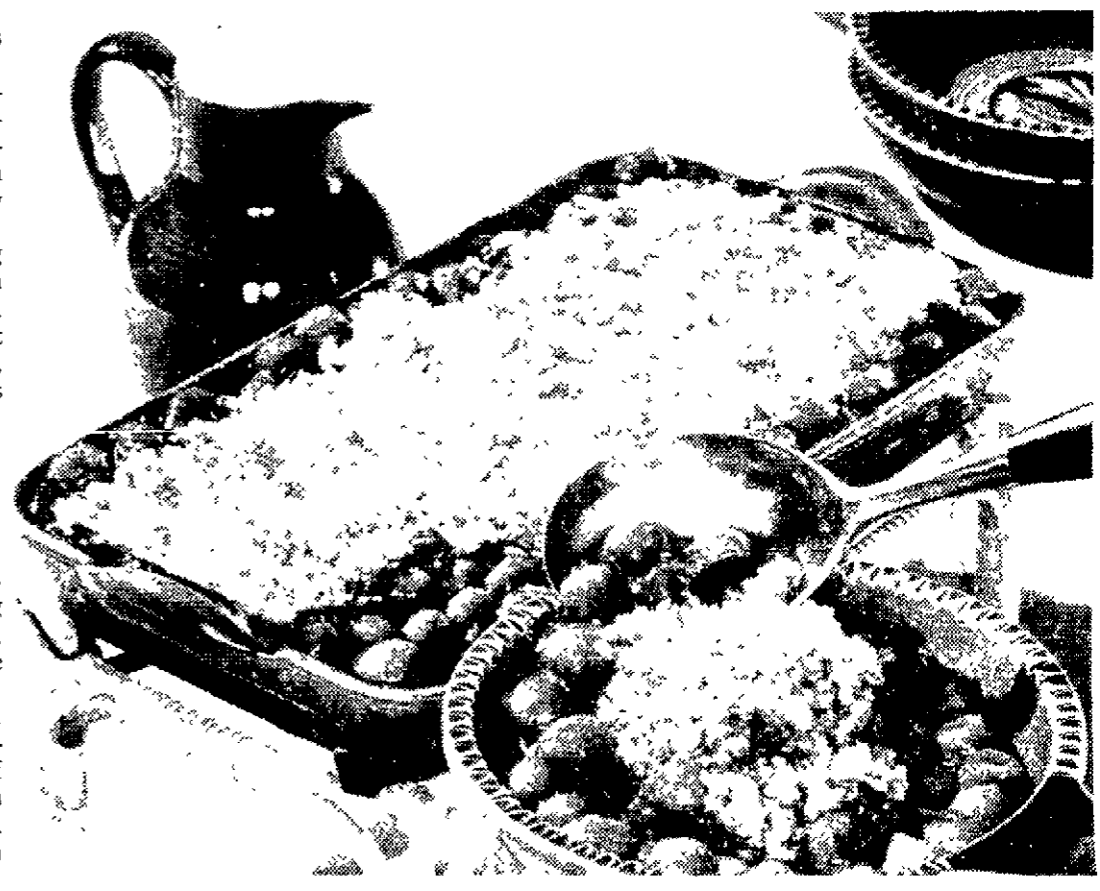

While dough rises, combine cherry pie filling with walnuts in small bowl.

When dough has raised, knead, then place on a damp towel set on a cookie sheet. Roll out dough to a rectangle 14 by 8 inches. Spoon filling down middle of dough. Then, with scissors, cut dough along either side of filling into 1-inch wide strips. Fold strips at an angle across the filling, like a braid, alternating from side to side. Seal in filling at each end by pressing dough together.

Cover and let rise in a warm place until double in bulk. Brush

This Colorful and Delicious coffee cake is made from prepared cherry pie filling . . . the kind made of whole, pitted cherries . . . and a package of hot roll mix. It's truly a convenience food recipe that deserves its name . . . Jiffy Cherry braid.

Reminiscent of the Old Stone cream pitcher and iron kitchen stove is this Home-spun Cherry Crisp. It's still as delicious as in the old days, but the recipe has been updated to an easy-to-make version. The dessert blends the crunchy goodness of walnuts, oatmeal and brown sugar with the tartness of plump red cherries. Serve it warm, either plain or smothered with rich cream.

top with melted butter and sprinkle with sugar.

Bake in a 350-degree oven about 20 minutes or until golden brown.

**Honey Gingerbread**  
2 1/2 cups sifted all-purpose flour  
1 teaspoon double-acting baking powder  
1/2 teaspoon salt  
1 teaspoon ground ginger  
1 teaspoon ground cinnamon  
1 teaspoon ground allspice  
1/2 cup shortening  
1/2 cup light brown sugar, firmly packed  
1 cup strained honey  
1 egg  
1 cup sour milk or buttermilk

Sift together flour, baking powder and salt. Set aside. Blend soda and spices with softened shortening. Gradually add brown sugar, mixing well after each addition. Stir in honey and blend. Beat in egg.

Add flour mixture alternately with milk. Beat the batter for 30 seconds.

Turn into two well-greased, lightly-floured square pans. Bake in a preheated, 350-degree oven 30 to 35 minutes or until a toothpick inserted in center comes out clean. Let stand in pans 10 minutes.

Turn out onto wire cooling rack. Turn to Page 2, Col. 1

## Use Cakes for Baked Alaska Treat

Indented individual sponge cakes, available at many markets, may be used for Baked Alaska. Fill the indentations in six of the cakes with ice cream and cover with a meringue made from two egg whites, three tablespoons sugar, a dash of salt and a little vanilla. Make sure the meringue completely covers the ice cream and bake in a hot oven just until the topping is tinged golden brown.

## Cheese Flavor

Provolone cheese may have a flavor that is mellow or sharp.

## Newlyweds To Reside at Clintonville

Miss Janet Mauritz and Merlin Bahnke repeated nuptial promises at 11 a.m. Saturday at St. Anthony Catholic Church, Tigerton. The Rev. Roger McClone officiated at the ceremony which united the daughter of Mr. and Mrs. Richard Mauritz, Milwaukee, and the

## Mrs. Merlin Bahnke

son of Mr. and Mrs. Harold Bahnke, Clintonville. The bride is the granddaughter of Mr. and Mrs. August Neubauer, Tigerton. Miss Annette Neubauer, the bride's cousin, attended as maid of honor. Bridesmaids were Miss Caroline Bahnke, Milwaukee, a sister of the bridegroom, Miss Sheila O'Keefe, Milwaukee, and Miss Darlene Bahnke, a cousin of the bridegroom.

The bridegroom chose Roger Luabke, Clintonville, as his best man. Groomsmen were Kenneth Mauritz, Thomas Sheppard, Clintonville, and Thomas Rosenfeldt, Clintonville.

A breakfast, dinner, reception and dance were at Tigerton Dells. When the couple returns from a honeymoon in Milwaukee, they will reside at Clintonville.

The bride was graduated from Rufus King High School, Milwaukee, and has been employed at Northwestern Mutual Life Insurance Co. there. Mr. Bahnke, a graduate of Clintonville High School, is employed at FWD Corp., Clintonville.

## Marriage Promises Repeated

Miss Judith Bunnell, daughter of Mr. and Mrs. Al Bunnell, Stockbridge, and Donald Karls were married at 11 a.m. Saturday at Holy Trinity Church, Jericho. The bridegroom is the son of Mr. and Mrs. Norman Karls, Jericho.

The bride chose her sister-in-law, Mrs. Larry Bunnell, as matron of honor. Mrs. Arthur Moelin and Miss Linda Bunnell were bridesmaids.

Larry Bunnell served the bridegroom as best man. Groomsmen's duties were performed by Arthur Moelin and Kenneth Karls.

Steffen Hall, Quirney, was the setting for a dinner, reception and supper. A dance was at Heller's Hall, Brant.

The couple is honeymooning in Minnesota.

The bride was graduated from Stockbridge High School. Her husband is an alumnus of Chilton High School. The couple is employed at Chilton Metal Products.

## Bridge Winners Listed at Party

HORTONVILLE — Mrs. Edwin Gitter entertained the Victory Bridge Club. Prizes were won by Mrs. William Morrissey and Mrs. Victor Schmidt. Mrs. Lloyd Schulz is hostess today.

Mrs. Edwin Gitter and Mrs. Walter Lueck were prize winners when the Matinee Bridge Club met with Mrs. Arthur Schmidt. Mrs. Harris Hauk will entertain Monday.

Fresh Apple Cake has been popular since pioneer days when outdoor landscaping ran to fruit trees and vegetable gardens whether on homestead farm or village lot. Today's version of this old-time favorite combines the taste of apples with the nut-like flavor of whole brand cereal, spicy seasonings and the sweetness of easy-to-make fluffy frosting.

Honey Gingerbread is but one of the many ways to prepare gingerbread, a goodie that has been popular since the time of the ancient Egyptians. Legend has it that Queen Bess I of merrie old England established the popularity of gingerbread figures when she hired a special baker to make the cookie likeness of her lords and ladies as a conversation piece for a royal banquet.

## Y's Menettes List Future Event Plans

Mrs. Allen Gray, 318 W. Lind-bergh St., was hostess at a recent meeting of the Y's Menettes. Co-hostesses were Mrs. Jack Brauer, Mrs. Robert Hillmer, Mrs. Kenneth Johnston and Mrs. Fred Pettigrew.

Mrs. John Peckham, regional director, reported on the North Central Regional Convention held at Janesville in October.

A family Christmas party, including swimming, a potluck supper and visit from Santa, has been

planned for Dec. 3 at the Y. Mrs. William Harris and Mrs. Joseph Phelps are co-chairmen.

The annual hat show is scheduled March 17 at 41 Bowl. Mrs. Barton Hammond and Mrs. Wil-

son Chandler will co-chairmen the event.

Mrs. Robert Johnson introduced Mrs. Clarence Zehle, who gave a program on "Holiday Ideas."

Mrs. James Mohr will be hostess at the Dec. 5 meeting.

# Old-Fashioned Treats Go Modern

CONTINUED FROM PAGE 1 Whipped cream. Garnish with racks to finish cooling. Put together in layer cake fashion with curls, if desired.

**Comstock**  
*Pumpkin Pie Filling*

**Comstock**  
*PUMPKIN PIE-FILLING*

*Nothing To Add But Milk!*

**Whipped Cream**  
1 cup heavy cream  
2 tablespoons sugar  
1 tablespoon grated orange rind  
1/2 teaspoon vanilla

Beat heavy cream until it stands in soft peaks. Add sugar, grated orange rind and vanilla. Blend well and then spread between layers and on top of Gingerbread.

**Angel Gingerbread**  
2 1/3 cups sifted flour  
1 teaspoon baking powder  
1/2 teaspoon salt  
1/2 teaspoon soda  
1 teaspoon ground ginger  
1/2 teaspoon ground cinnamon  
1/2 teaspoon ground nutmeg  
1/2 teaspoon ground allspice  
1 cup shortening  
1 cup sugar  
2 eggs  
1/2 cup mild molasses  
1/2 cup hot water

Sift together flour, baking powder and salt.

Blend soda and spices with softened shortening. Gradually add sugar, mixing well after each addition. Beat in eggs, one at a time. Stir in molasses. Add flour mixture alternately with hot water, beating until batter is smooth.

Turn into well-greased, lightly floured, 9-inch pan. Bake in a preheated, 350-degree oven for about 45 minutes. Serve warm or cold.

**Gingerbread Men**  
1/2 cup mild light molasses  
1/2 cup butter or margarine  
3/4 cups sifted flour  
1 teaspoon baking powder  
1 teaspoon salt  
1/2 teaspoon soda  
2 teaspoons ground ginger  
1/2 cup dark brown sugar, firmly packed  
1 egg

Heat molasses slowly in saucepan large enough for mixing. Roll on lightly floured board.

Lamia Solh of Lebanon, Married last week in Rabat, Morocco, to Prince Moulay Abdullah, brother of Morocco's King Hassan II, poses at a reception given by the Solh family. Her cheeks, chin and brow have been tattooed in the fashion of Moroccan brides.

cookies. Remove from heat, add rolling dough between 1/4 to 1/2 butter, stirring until melted, inch thick. Shape with a gingerbread man cookie cutter.

Sift together flour, baking powder, salt, soda, ginger. Mix with brown sugar. Stir into molasses mixture, blending well. Add egg and blend. Chill dough one to two hours or until stiff enough to handle.

Roll on lightly floured board.

**Honespun Cherry Crisp**  
1 can (No. 503) water-packed red cherries  
1/2 cup sugar  
1 cup quick-cooking rolled oats  
1/2 cup brown sugar  
1/2 cup flour  
1/2 teaspoon salt  
1/4 cup butter or margarine  
1/2 cup broken walnuts

Heat cherries and sugar together. Pour into oblong baking dish.

Combine rolled oats, sugar, flour and salt. Cut in butter. Add walnuts. Sprinkle this mixture over cherries.

Bake in 350-degree oven for 35 minutes. Serve warm with plain or whipped cream. Recipe makes six to eight servings.

**Moose Committee Having Card Party**  
CLINTONVILLE — The Child Care committee of the Women of the Moose will sponsor a public card party at 2 p.m. Sunday at the Moose lodge.

Lunch will be served by Mrs. Arthur Fellenz, chairman, Mrs. Matt Dahm, Mrs. Roland Sipiorski, Mrs. Ivan Suchman, Mrs. Willard Wied, Mrs. Lloyd Hand-schke and Mrs. Anna Nass.

## Sheinwold

### Stop Suit By Holding Up Play

Almost every experienced player automatically refuses the first trick in the enemy's best suit if he has only one stopper in that suit. This is the simple hold-up

Opening lead — ♠ Q

play, so named because you hold up your winning card instead of taking the trick. Not all hold-ups are as simple as that.

One of the strangest hold-ups on record was executed by Sidney Silodor, noted Philadelphia expert, in a national tournament some years ago. Silodor held up twice even though he had two stoppers in the enemy's long suit.

West led the queen of spades and was allowed to hold the trick. Only a good player would think of refusing the first trick with two stoppers in the dangerous suit. The average player would win the first trick and think about a hold-up when it was a question of taking the other top spade.

West continued with the jack of spades, and Silodor refused this trick also, discarding a heart from dummy. The idea was to win his first spade trick when East was following suit with his last spade.

**Pays Dividend**  
Silodor's care paid a dividend. West continued with a third spade, and Silodor won and knocked out the ace of diamonds. East couldn't lead a spade, thanks to the double hold-up.

With any other return, Silodor had time to force out the ace of hearts. He won two spades, two clubs, four diamonds and a heart.

The opponents took two spades and the two red aces.

South could have made the contract by winning an early spade and guessing to lead hearts before touching the diamonds. Anybody who is that lucky about guessing which suit to tackle first doesn't also have to be skillful.

**DAILY QUESTION**  
Partner bids one club, and the next player passes. You hold: S 3, H J 10 9, D K Q J 7 5, C A 10 6 3. What do you say?

Answer: Bid one diamond. You have the values for a jump to three clubs, but the double raise in a minor suit is a very unprecise bid. Show your own good suit first and the strong club support later. (Copyright, 1961)

### California Stylists Splash Gay Swimwear on Scene

BY PEG ZWECKER  
Chicago Daily News Service

BEVERLY HILLS, Calif. — In very snug shorts, is a perfect example of the look—fitting bust-line and hips and relaxing the points between.

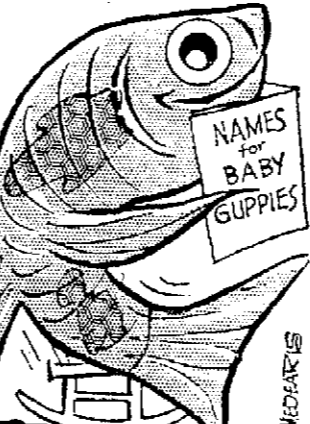

One of the most outstanding stretch fabrics is "stretch linen" introduced in smart notmeg and Marisa Del Mar showed the best belief that "two pretty colors are better than one." Polished mahogany buttons close the loose beach shift in dress weight Irish linen over the two-tone, side button formfit of this new stretch linen.

There's no tight cling in Rose Marie Reid's ladylike collection. It's more shape by implication. Her most important new shapes are the "softened sheath," softly draped at the front and lightly belted, the "Mermaid Maillot," a shirred one-piece suit and the "Relaxed maillot"—a blouson top were able to survive you would model.

Two things they all agree on are the shapes for "weightless" appearance and the patriotic red, white and blue colors.

The line for 1962 is relaxed. Elisabeth Stewart's sophisticated young collection, with its sports-wear concept for those with classic taste, is completely original, modest and irresistible. Her "skimmer," lightly sashed with a

### Today's Etiquette

BY LOUISE DAVIS

**ADDRESSING FUTURE IN-LAWS**

What should I call my fiancé's mother and father? Do I use their first names or should it be Mr. and Mrs.? When ever I get a card or a note from the mother, she signs it by her first name, such as Mary Brown. However, she always taught never said, "Call me Mary." I was th a t it isn't proper to address an elder by his or her first name unless you are given permission to do so.

**Louise Davis Answers:**

You are correct. It isn't proper to address your fiancé's parents by their first names and so you should continue with Mr. and Mrs. It is even all right to do the same after you are married unless your husband's parents prefer (and request) that you address them differently such as "Mother," "Father," "Mother Brown, Mother B." etc." It would be surprising even in 1961 that the parents would wish

or expect you to call them by their first names.

**WHO WRITES FIRST?**

At a pajama party recently we had an argument. About half of us said if a girl and a boy exchanged addresses just before leaving for summer camps, the girl should write first without waiting for a letter from the boy.

**Louise Davis Answers:**

The boy writes first. As he is always considered the aggressor, his pride is secretly injured when a girl makes the first move.

## KD Service Circle Plans Holiday Party

Mrs. Ed Pfefferle, 1619 Carver Lane, was hostess to Service Circle of The King's Daughters Tuesday. Miss Eltie Verbrick and Mrs. Ralph Bohl were co-hostesses.

Mrs. Urban VanSusteren reported on the fall rummage sale and Mrs. Gerald Schomisch presented The King's Daughters' Council report. Reports were also heard on the Teen Toppers by Mrs. Ed Vollmer, Service Emergency fund by Mrs. Frank Jenkins and the fall style show by Mrs. Bohl.

The annual Christmas party will be Dec. 5. Hostesses are Mrs. Arthur Diederich, Mrs. Jenkins, Mrs. Schomisch, Mrs. William McGinnis, Mrs. Robert Rechner and Mrs. Armin Albrecht.

### Legion Auxiliary To Send Gifts to Vets, Children

BRILLION — Plans to remember others at Christmas were made at meeting of the American Legion Auxiliary at Legion hall.

Donations were made to the Children's Service Society and the hospital Christmas Gift Shop.

Two orations were presented during the program arranged by Mrs. Ray Callisch. Barbara Flament presented President Kennedy's Veteran's Day address.

"The Price of Peace is Patience and Courage," and Arlette Callisch spoke on fallout shelters. "You Can Survive Atomic Attack".

Mrs. Jerome Nies will be chairman of the Dec. 11 meeting at which time gifts will be exchanged and a Christmas party held.

The social hour was arranged by Mrs. Callisch with the assistance of Mrs. William Schneider, Mrs. Robert Geiger, Mrs. Arthur Lau and Mrs. Ray Schuh.

### Judge to Speak

BLACK CREEK — The next meeting of the Parent-Teacher Organization of Black Creek School will be at the school at 8:15 Nov. 30 with Municipal Judge Gustave G. Keller the speaker.

## Grange Observes 88th Birthday

GREENVILLE — The South Greenville Grange observed its 88th anniversary Saturday evening with members dressing in old clothes.

Old minutes were read including one of 1887 when it was voted to have more beer at the meeting because of the large membership.

Part of the expenses will be paid for any young married couple planning to attend the Camp Byron Conference Dec. 2 and 3, sponsored by the Wisconsin Grange. It will include a program of grange ritual work and recreation.

Juveniles Meet

The juveniles had their regular meeting in charge of Mrs. Charles Ross, motion.

For the lecturer's hour, under the direction of Mrs. Truman Shelly, a skit, "The Terrible Accident" was presented by Mr. and Mrs. Royden Hart. Older comedy movies were shown.

### Easy Removal

When you are removing a quick bread from a loaf pan, run the thin blade of a knife around the edges before inverting on a wire rack.

### The Ailing House

## Here's How To Refinish Front Door

BY ROGER C. WHITMAN  
REFINISHING FRONT DOOR

Q: We would like to refinish the front door (on the outside). The finish we had on it did not last at all. Can you suggest a good lasting finish?

A: Remove the present finish down to bare wood. Then apply two coats of a top quality spar varnish or house paint, being sure to seal all edges as well as the front and back of the door; follow manufacturer's instructions on the paint container as to thinning, etc.

"TACKY" FINISHES  
Q: Have applied shellac on outdoor furniture which doesn't seem to harden; it is very "tacky." How can I remove this tacky finish? Also have the same problem with tacky varnish applied to chairs. Have tried washing it off with washing soda, turpentine, but no results.

A: The finishes may have remained tacky because you did not completely remove a cleaner or preparation used for removing the previous finish on the furniture; this may be affecting the new finish. Or the shellac may not have been fresh and pure; shellac that has been stored too long tends to deteriorate. To remove the shellac, use denatured alcohol; to remove the varnish, use a prepared paint remover, available at paint dealers, following label directions carefully.

CHIMNEY LEAK INFORMATION  
Q: We are having considerable trouble with either roof leaks, chimney leaks or condensation problems around our chimney. It is built into the outside of our house and the top, exposed section is new. Is there any authoritative information available that may be helpful?

A: Yes. Suggest obtaining copies of the following leaflets: No. F-62, "Moisture Condensation," available from Small Homes Council, Univ. of Illinois, Urbana, Ill., \$5.15; and "Fireplaces and Chimneys," "Farmers' Bulletin No. 1860," available from Supt. of Documents, Washington 25, D. C., \$5.25.

CARPET BULGES  
Q: My living room carpeting has been in for six years. For the last few years, I notice that the carpeting develops small bulges in the center area of the room—only during the months from December to about March, then disappearing until the following year. How can I avoid this?

A: The usual cause of temporary bulges in carpeting is excessive humidity or dampness. Since this happens during the cold weather, it may be due to closed windows and lack of air circulation and ventilation in the living room, increasing the moisture in the house air. It would be worth checking the radiator in the living room, to be sure there is no leak from it at a valve or joint. Sounds likely that a dehumidifier would help.

### Youth Conference Set At Fond du Lac Church

Young people in grades 9 to 12 from All Saints Episcopal Church may attend the annual Youth Conference at St. Paul's Cathedral, Fond du Lac, Nov. 24 and 25. "Personal Prayer" will be the central theme of the lectures at the conference.

The Rev. Carl E. Wilke, Appleton, will be one of the conference speakers Friday evening.

### Ceramics Class Open

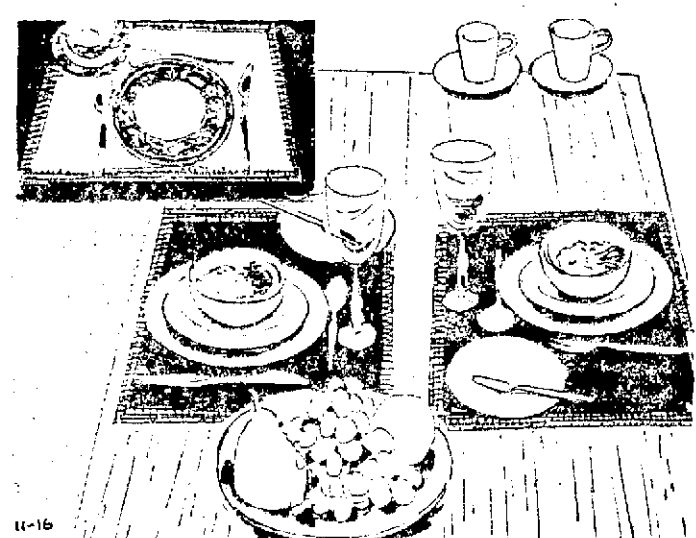

Mrs. Linda Roth is the new instructor for the ceramics class at the Appleton Vocational and Adult School. Those interested in ceramics can still enter the class, which meets from 7 to 9 p.m. on Wednesdays.

The Bulky Learns How to behave like a sweater in this back-to-school cardigan with its neat slide-fastener closing and smooth, trim silhouette. Contrasting trim and military buttons are added details of the bold textured style.

This kit is yours for 50 cents sent to Miss Hillyer with your request in this newspaper. Please allow approximately 3 weeks for mail delivery.

### Top State Workers Get Pay Increases

MADISON (AP)—The Board of Government Operations Wednesday approved salary increases for the ten top civil service employees, ranging from \$15 to \$65 monthly. The Legislature approved salary increases for state employees sized by dark mats on a light in July but froze the top three table. This contrast of dark or classifications, pending further deep bright mats below them study by its Joint Finance Committee.

The Rev. Carl E. Wilke, Appleton, will be one of the conference speakers Friday evening. The beauty of material of salary increases after July 1 must light dinnerware — an important be approved by the board. In other action the board voted member. On a dark table, light to ask the Legislature to approve mats sharpen the rich colors of hills to increase funds for the another Finnish dinnerware pattern, Arabia.

Moving to a new house? Find funds would be used to employ out beforehand how the old furniture will fit and what new furniture is needed. Plot it all on than expected.

### Our Children

## Give Child Chance To Make Choices

BY ANGELO PATRI

Lulubelle, 9, was discovered using the money she was given for the collection in Sunday School for her personal use. She held it until Monday when she bought a chocolate bar.

"Tell me, Lulu, why did you take your Sunday School money for that when there was candy here in the house for you? All you had to do was ask for it."

"Yes, Mother, I know but it's different."

"How different? What do you mean, child?"

"Oh, I don't know. It's just different going into the candy store and buying a chocolate bar. Then I don't have to keep asking you for it. Maybe you'll say 'No' or maybe you'll say 'Wait until after dinner,' and all like that."

Children need the feeling of independence that comes to them by handling money, using it to get something they want. They need that feeling. When they are held down so that they must ask for a chocolate bar, for money to buy a soda, they begin to feel choked. They look about to find a way to free themselves and it is then that they are likely to help

themselves to money from the family's purse, keep change, tell stories about how they got things, tell cover-up stories.

This need for personal power must be met not only in the matter of allowances but in many other departments of living. We are so fearful about the mistakes children may make that we are likely to tie them so tightly that they are unable to help themselves.

Take the matter of coming to a decision, choosing what to do. If the parents make every decision, decide every choice, the children cannot develop personal responsibility. This they must do for themselves. They are to become responsible, self-controlling, mature people in their time.

"Mother, do you think I ought to go to Marie's party or to the game on Saturday? If I go to the party I can't go to the game and the coach made a point of everybody's going to cheer for the team. Which should I go to?" a girl may ask.

"That's something you have to decide for yourself, my dear. And then that they are likely to help

over it. Make up your mind and stick to it."

"But what do you think, Mother? Can't you tell me just that?"

"I don't have any opinion about it. It is entirely up to you to make your choice. Don't ask other people to take such responsibility for you. Now go ahead and decide one way or the other and get busy."

There is no other way than that to train children to stand on their own feet, carry their own responsibility whenever there is a safe choice.

Mrs. Herbert Brock works with children in the Outagamie County Council for Retarded Children's nursery class, which meets three times a week. Seated, from left, are Keven Bowers, son of Mrs. Glen Bowers; Susan Brock, daughter of Mr. and Mrs. Martin Brock; Mrs. Brock, the teacher; Bill Dietrich, son of Mr. and Mrs. Ernest Dietrich; Kaukauna; and Christy Fox, daughter of Mr. and Mrs. Fred Fox. Combined Locks. Sandra Williamson, daughter of Mr. and Mrs. Henry Williamson, is standing behind Keven and Susan.

ed to an appeal for help from the Daughters recognized a serious ment, and 20 to 25 children from Council by sponsoring the tuition need and decided to do something the county attended.

of several children the first year, about it. Later the circle decided the youngsters should have more ac-

and by volunteering their time to "The gap between the retarded child and the normal child widens as they grow older," said Mrs. E. J. Vollmer. "They want the same opportunities to handle their own social relationships, but there ruary, 1960, they hired Orville Koepke, a physical education and social studies teacher at Roose-velt Junior High, to direct the

More Participation The service circle started the recreation program. Under his direction, the young- teen-age program in may, 1958. With Canteen Nights once a sters elect their own officers, ap- month. These were party nights, point committees and plan and with dancing, crafts and games, carry out their own program. The circle arranged entertain- The Teen Toppers meet once a

Eight children, with ages rang- ing from four to eight, are enroll- ed in the class this fall. They work on crafts, play games and have lunch each day, following a loose routine. "The most important thing about the class," says Mrs. Brock, "is to get them to play together. So often these children don't play with other children. The class helps them learn to cooperate." The children enjoy the class, said Mrs. Brock, and "can't wait for their school days."

The teen-age program started when members of The King's

week at the YMCA. Their pro- grams include dancing, bingo and other games, swimming, picnics, bowling at Zion Lutheran Church and gym nights at Roosevelt Junior High. This year the group has a news letter. Each year they exchange a dance with the Neenah-Menasha group.

Koepke feels there should be a minimum of parental supervision in the program. The only respon- sibility of the parents is for transportation to and from meet- ings and for dues. The King's Daughters service circle takes care of the main expenses of the group, but ordinarily does not participate directly in the pro- gram.

The youngsters have had a chance to express initiative through Teen Toppers, by plan- ning and carrying out the regular program. Last year they also planned and put on a surprise birthday party for Koepke.

The teen-agers have formed friends through the group, said Mrs. Vollmer, and keep up this relationship between meetings. Now the phone rings often for them, something that didn't hap- pen before, she said.

The group has 22 members be- tween the ages of 14 and 22.

### Successful Program

"We can see now that this is a successful program and we want to build it up," said Mrs. Voll- mer.

A third area where The King's Daughters have had an impact live participation in running the in aid to retarded children is in program, and should be given the contributions to the Plamann School fund. The school will be ready for use in September, 1962. The King's Daughters have been the largest single contrib- utor to the fund. Gifts from the various circles now total more than \$11,000. The group developed interest in the school through let- ters asking their help and through the personal interest of members.

The nursery class and the teen-

### Milk Sampling in State Is Increased

WASHINGTON (AP)—The Pub- lic Health Service says that a Wisconsin station is among its milk sampling network now on an accelerated basis to monitor fallout resulting from Russian nu- clear tests.

Prior to the resumption of the Russian nuclear tests in the air Sept. 1, the various stations had taken one sample each month. Now six stations are taking sam- ples daily and 13—including Mil- waukee—take three samples each week while 42 others take two samples weekly.

James Terrill, deputy chief of the service's division of radiologi- cal health, said Madison, Wis., was among ten places having special equipment for quantitative measurements of radioactive io- dine 131 on farms.

age recreation program are open to children living in Outagamie County. Reaching the parents of retarded children has been a problem, Davidson said. He in- vited anyone interested to write to the Outagamie County Council for Retarded Children, Box 442, Ap- pleton.

### Democrats to Help Pay Trip Expenses

WASHINGTON (AP) — The Democratic National Committee will foot a small part of Presi- dent Kennedy's travel bill on his four-day Western trip starting today.

White House press secretary Pierre Salinger said Tuesday that the Democratic party will pay for the use of the Air Force jet and crew during part of Kennedy's trip.

Salinger said the flight to Seat- tle, Wash., this morning, the trip to San Diego, Calif., Fri- day night and the return to Wash- ington Sunday are considered non- political.

No figures were given.

footballers like its happy-go-healthy flavor

So do basketballers, hockey players, baseballers and marbleshooters. Athletes, large and small alike, endorse the clean, refreshing flavor that we call "happy-go-healthy." A pint-size footballer can put away a whole quart of Fairmont Milk as fast as he calls the signals for a double reverse around left end. And as he runs, you may well hear him chanting...

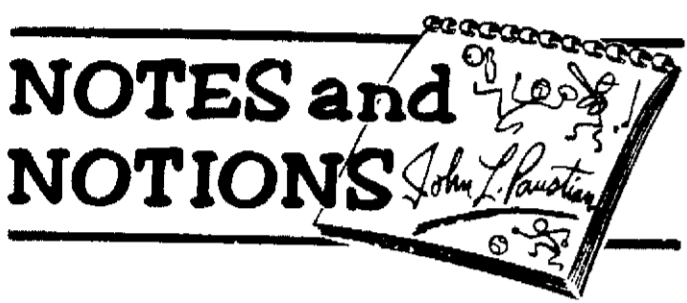

...it's got that happy-go-healthy flavor...

**FAIRMONT MILK**

Congratulations for St. John High School athletes were handed out by Green Bay Packer center Jim Ringo at the annual athletic banquet Wednesday night. Left to right are Dennis Mahn, most valuable player; Dave Simon, co-captain; Ringo, Joe Verkuilen, co-captain and Coach Bill Fitzpatrick.

# Writers Name Maris MVP for Second Straight Season

The Green Bay Packers ended their annual mid-season slump early this year — and the hope is that they can continue on the high road through the hazardous 5-game stretch run ahead. In Coach Vince Lombardi's first season (1959), the Packers lost five straight after an amazing 3-win start. Last year, they again skidded just after the mid-point from a 5-2 record to 5-4 and were all but out of the race. This season, after four fal-margin wins over formidable foes, the Bays sputtered somewhat in the two Viking games — though they won both — and "missed" on most of the cylinders in the drubbing at Baltimore. But, last Sunday they were breathing fire again — especially in the first half. Ray Nitschke's appearance in the game could be a Ft. Lewis precedent in the matter of weekend passes. It seems a pretty good bet that Nitschke and Boyd Dowler can play in most of the remaining games. It's certainly worth keeping the spots on the roster open. Dowler and Nitschke should have no trouble making the two coast games, because of the proximity from Ft. Lewis. The only game that they might have to miss is the Turkey day classic in Detroit. The news (from Ft. Riley) on Paul Hornung's weekend availability is far less promising, of course. His tremendous performance against the Bears underscored how serious his loss will be.

Speaking of the scintillating game with the Bears — which was pro football at its best — the Packer strategy that went into the first two touchdowns has almost been overlooked. The Bears apparently had little reason to fear a sore-ankled Ron Kramer and played him loosely — concentrating their secondary defensive power on Boyd Dowler and Max McGee. The Packers exploited this fallacious reasoning and went out in front early.

Billy Bruton, as modest, gentlemanly and articulate an athlete as we've encountered, proved in his appearance here that he is an ideal choice for his task of addressing high school groups. He's an athlete worthy of emulation.

Though he now plays for Detroit, Bruton continues to make his home in Milwaukee. He intimated that in view of baseball's penchant for trades it's not safe to move too much for you never know where you'll be next season. . . . As far as Bruton is concerned, Roger Maris broke Babe Ruth's record last summer. He reasons that the number of games is immaterial — the players have nothing to do with arranging the schedule — and that the season's production is the only significant factor. . . . Bruton doesn't go for the idea of legalizing the spitball. Billy says he believes the pitch is hard to control and no pitcher should be allowed to throw anything like that.

At last report, the Earl Weaver-managed Baltimore entry in the Arizona Winter Baseball league had reeled off nine straight wins to take the lead by 3½ games. Among the familiar Fox Cities favorites helping to make the climb possible are long-ball hitting "Boog" Powell and Sam Bowers, pitcher Dave Vineyard (leading the circuit with a 4-0 record and 1.88 ERA) and catcher John Griffin (batting .390).

The Orioles are going all out in their efforts to ready Powell for a major league job in '62. Powell, who was converted from an outfielder to a first basemen when he played here, is again being groomed as an outfielder. "Boog" has joined the Orioles' Winter League team at Scottsdale, Ariz. — primarily for defensive training. Farm Director Harry Dalton says, "He'll catch fly balls by the hour, or as long as the fungo hitters' hands hold out." The Orioles abandoned plans for Powell's first basemen's future when Jim Gentile unexpectedly blossomed into one of the game's most prolific hitters.

A "meet the author" session will be held at Appleton's H. C. Prange store Friday evening (6 to 9 p.m.) Milwaukee's Chuck Johnson, author of "The Green Bay Packers, Pro Football's Pioneer Team," will be on hand to autograph copies of the new book. It's been more than 15 years since the last book on the Packers was written — and a lot has happened to the famed club since. Johnson has bridged that gap up to and including the 1960 title game with the Eagles) with special emphasis on the Lombardi regime. Woven throughout the fabric of the narrative itself are anecdotes and quotes of particular interest in this area — one of pro football's hotbeds.

# Mantle Again Falls Short Of AL Honor

RAYTOWN, Mo. (AP) — Home run king Roger Maris, sporting his second most valuable player award in as many seasons, looks to the 1962 American League season as a challenge to keep on doing his "very best to help the Yankees to another pennant."

The reticent slugger, who socked 61 home runs last season to beat Babe Ruth's record of 60, again edged out Yankee teammate Mickey Mantle for the award in voting by 20 members of the Baseball Writers Association of America.

Maris received 202 points to Mantle's 198. A year ago he beat Mantle by only three points, second closest count in the 30 years of the award. In 1947, Joe DiMaggio of the Yanks beat Boston's Ted Williams by one vote.

**Gentle-Cash**

Jim Gentile, Baltimore's first baseman, was third in the poll with 157 points. Norm Cash, Detroit's first baseman, was fourth with 151 points and Yankee pitcher, with 53 points; Rocky Colavito, Detroit outfielder, 51. Al Kaline, Detroit outfielder, 35, and New York catcher Elston Howard, 30, rounded out the top 10.

**Maris Dedicated**

Speaking for his family—wife Patricia and four young children — Maris said:

"I'm real happy. All of us are happy. I was hoping all along I would win it but I wasn't sure until I got the official call."

Maris said he knew there were several other players who were deserving of the award—"as indicated by the voting"—all of which made receiving the award even greater.

Busy with details of building a

# 300,000 State Hunters Getting Set Outagamie, Waupaca Counties Among Best Central Deer Areas

BY JAY REED  
Post-Crescent Outdoor Editor

They'll toast Wisconsin's white-tail deer in a thousand hunting camps across the state tonight as the 1961 gun season approaches.

And when the first hint of dawn comes to the woods Saturday morning 300,000 or more men in various states of resolve will be prowling the bush looking for an animal with horns at which to shoot. If pre-season forecasts hold true, approximately one out of every 10 or 11 hunters will down a legal deer.

**Spike-Horn Season**

Regulations, generally, are the same as last year. The one major exception is the almost total, state-wide spike buck rule. Except for a block of eight southern counties, Wisconsin has come back to the buck-only hunt. Gone for the moment is the controversial party permit law which permitted a group of four or more hunters to shoot an extra deer of either sex. To be legal this year, a buck must have spike horns at least three inches long. Fork-horns, obviously, also are legal.

The Conservation Department, anticipating a heavy illegal kill of doe, is mustering a strong enforcement contingent which will number 306 including 148 regular or seasonal wardens and 158 other department employees with special enforcement credentials.

**Warden Personnel**

Along with warden personnel will go a fleet of more than 200 vehicles, most of which will be equipped with two-way radios, plus the department's three aircraft. Cooperating with the enforcement people will be a not-inconsiderable number of county and municipal police with similar equipment plus numerous so-called "deersaver

# Ghosts Place Five Players On M-E Defensive Squad

# Rams Have Gained Momentum, Loom As Rugged Foe

## Lombardi Lauds Tom Bettis for Game He Played Against Bears

GREEN BAY (AP) — Coach Vince Lombardi apparently is determined to find out if his 32 Green Bay Packers can win the National Football League's Western Division title against teams with 36 players.

"We're simply going to have to do it with what we've got," Lombardi said Wednesday as the Packers continued preparations for Sunday's game with the Los Angeles Rams here.

The Packer ranks were thinned by the call of halfback Paul Hornung, flanker back and kicking specialist Boyd Dowler and line-backer Ray Nitschke to military service and an ankle injury that put running guard Jerry Kramer on the sidelines for the rest of the season.

Nitschke left early this month but returned last Sunday to play a bit against the Bears in Chicago. Hornung reported Tuesday to Ft. Riley, Kan., and Dowler is due to check in this week with Nitschke at Ft. Lewis, Wash.

Lombardi was still measuring the size of the void left by the departure of Hornung, the team's kicking specialist and the league's top scorer.

**Wasn't Found**

"I've had 20 guys working on place kicking this week," Lombardi said. He let it be known a replacement wasn't found when he said Ben Agajanian would work out with the Packers today. Lombardi said it was highly unlikely the veteran kicking expert

But Los Angeles Coach Bob Waterfield saw it another way. He said "the loss of Hornung, Dowler, Nitschke and Kramer improves our chances, but Green Bay is still a hard running team."

The Rams come to town in sixth place with a record of twice as many defeats as victories, 3 and 6, but they have won two in a row. After beating Minnesota 31-17 they tripped the San Francisco 49ers, 17-7.

**Gained Momentum**

"We have gained momentum," a spokesman said. "It could be like last year when we won four of the last seven games. It may be ever better."

**Led by Arnett**

The Ram attack once more is led by halfback Jon Arnett, who proved he hasn't lost anything when he dashed 106 yards against the Detroit Lions on a kickoff. He's gained 420 yards on 110 carries.

End Jim Phillips also has become a force to be considered. So far in the season he's grabbed 45 passes, 722 yards and eight 45 passes 722 yards and eight

# OHS-Kimberly Tilt Changed To South Park

The site of Saturday night's Kimberly-Oshkosh basketball game has been changed.

The games will be played in the South Park Junior High School gym (at 8 p. m.).

Originally, the contest was to have inaugurated the new Oshkosh High gym. But, because of mechanical difficulties with the bleachers, the location of the game was changed.

Only limited seating will be available to Kimberly fans because of the large number of season tickets sold by Oshkosh.

# Coaches Pick Four Gridders 'Both Ways,' Neenah Gets 6 Spots, New London Takes 4

KIMBERLY — Champion Kaukauna and runnersup Neenah and New London dominated the all-Mid-Eastern Conference football selections made by coaches here Wednesday afternoon.

Kaukauna, which swept to its second straight title and second undefeated season, placed two men on the first offensive team and five on the first defensive unit.

Neenah had three first team offensive players and three on defense. New London placed two on the leading offensive squad and two on defense.

Four players made the first teams both ways. The quartet included Bob Wurdinger, Kaukauna fullback; Winn Zimmerman, Neenah halfback; Bob Rusch, Two Rivers end and Ken Hoffman, New London tackle.

Representing Kaukauna on the offensive team were Wurdinger and Dick Promer, tackle. Neenah had guard Jay Hoover, center Dick Bukar and Zimmerman on offense and New London placed Hoffman and league scoring champion Dave Emerich, half-back.

Others on the first offensive unit included Don Easterling, Shawano, end; Tony Frassetto, Kimberly guard; Rusch and Tom Brigham, Two Rivers, quarterback.

On defense, Kaukauna's representatives included tackle Bill Jirikwoic, guard Dale Buchberg, linebackers Tom Berghuis and Wurdinger and safety man Jeff Tepolt.

Neenah's defensive players were Dan Zehner, end; Alex Miller, guard and Zimmerman, linebacker. New London had Hoffman at a tackle spot and Don Hanold at safety. Two Rivers was represented by Rusch.

# Giants Acquire Viking Halfback

NEW YORK (AP) — The New York Giants acquired defensive halfback Gene Johnson on waivers from the Minnesota Vikings Wednesday. They made room for him on the 36-man roster by placing injured defensive halfback Dick Nolan on the reserve list.

If waivers clear on Nolan, he will be held out of the Giants' next four NFL games and could return for New York's season-closing match with the Cleveland Browns here Dec. 17.

However, Nolan—who suffered a shoulder separation against Philadelphia last Sunday—would miss the championship playoff game if the Giants should win the NFL's Eastern Conference.

NFL rules state that a player must be on the team's active list for the last two games of the regular season to be eligible for the title game.

In addition to Nolan, the Giants have lost Bill Stuls, another defensive back, for two or three weeks with a similar shoulder dislocation. Rookie Allan Webb is expected to replace Nolan in the starting defensive backfield against Pittsburgh Sunday.

Purdue Showing Could Place All-Americans

BY JERRY LISK  
Associated Press Sports Writer  
CHICAGO (AP)—Purdue's Boilermakers, charging spiritedly down football's home stretch, could unveil several strong 11th hour All-America candidates in Saturday's Big Ten showdown with Minnesota.

Purdue, lightly reckoned early in the season, this week barged into seventh ranking in The Associated Press national poll with a 7-6 upset of Michigan State for a 5-2 overall record.

If the Boilermakers (3-1 in Big Ten play) should also spill Minnesota—now deadlocked with Ohio State for the conference lead at 5-0 each—such stars as end Jack Elwell, tackle Don Brumm, guard Stan Szurek may emerge as All-America contenders.

**Strong Support**  
That's the opinion of The AP's Midwest All-America Rating Board which continued to give strong support to fullback Bob Ferguson and end Tom Perdue of Ohio State; quarterback Sandy Stephens and tackle Bobby Bell of Minnesota; Wisconsin end Pat Richter; and center Larry Onesti of Northwestern.

The big Purdue-Minnesota battle in Minneapolis could produce some fierce individual feuding between Elwell and Brumm, on Purdue's left side, and right tackle Bell, not to mention the free-wheeling Stephens.

**Richter Lauded**  
Lloyd Larson of the Milwaukee Sentinel was impressed with the 218-pound Szurek's play in last Saturday's Boilermaker upset of the 230-pound Richter's performance, is from Chicago.

ance as Wisconsin dumped Northwestern 29-10. "Although a marked man," Larson observed, "Richter caught seven passes for 156 yards and did his best defensive job of the season."

Paul Hornung of The Columbus Dispatch called attention to a Big Ten end who has escaped much notice—Ohio State's Chuck Bryant, who has snagged 42 passes for 745 yards and nine TDs. "That's pretty impressive for an end of a non-passing team," said Hornung.

**Bleier's Wins Three To Stay Undeclared In Volleyball Loop**  
Bleier's 12-0 remained undefeated in the Men's Volleyball League sponsored by the Recreation Department by winning three games from the Police Department.

Sindahl's (7-5) won a pair of games from the Power Co. Blue team to move into a second place tie with the latter. AAL (3-9) took a pair from the Power Co. Gray (1-11).

In Monday's games, AAL meets Bleier's and Sindahl's faces the Police Department in 7 p. m. games. The Power Co. teams clash at 8 p. m.

**White Sox Sign College Hurler**  
CHICAGO (AP)—The Chicago White Sox signed Wednesday Richard "Red" Ziltz, former pitcher for Michigan State and 218-pound Szurek's play in last Saturday's Boilermaker upset of the 230-pound Richter's performance, is from Chicago.

Badgers to Hold Nothing Back Against Illini

CONTINUED FROM PAGE 1

on stopping Illinois' quarterback option play, the strong point in the offense evolved by Coach Pete Elliott.

Key man in the Illini attack in quarterback Ron Fearn, who at 5-foot-9 carries 168 pounds. Taking the ball with the option of a run or pass, he's carried 38 times for 172 yards, or an average gain of 4.5 yards. If Fearn doesn't keep the ball, he hands off to fullback Al Wheatland or right half Ken Zimmerman. Wheatland has gained 197 yards on 33 carries. Zimmerman has 164 yards gained on 47 attempts.

Fearn hasn't done much passing, turning the quarterbacking over to Mal Romani when it's time to throw. The Illinois aerial game is launched from an unbalanced T or shotgun. Romani has been restricted by ailing shoulders and may not see much action.

The Illinois linemen are big, and Bruhn says they hit hard. The Wisconsin coach also admits he's having a hard time reconciling the chart on Illinois with its record. The fact sheet finds the Illini have been outscored 200 to 82.

"They've had some bum breaks," Bruhn said. He's spent the week making sure they don't get some good ones against Wisconsin.

Four Wisconsin Athletic Greats To be Honored

MILWAUKEE (AP)—Four Badger athletic greats will take their places in the Wisconsin Athletic Hall of Fame tonight.

More than 1,000 persons had reservations for the dinner in the Milwaukee Arena, location of the Hall of Fame.

Those to be added to the list include Johnny Blood, fabled half-back of the Green Bay Packers; day when the Steelers play the Rollie Williams, the University of Wisconsin's all-around sports star of the early 1920s; Frankie Parker, former national singles tennis champion, and the late John Buckstaff, former yachting champion from Oshkosh.

Blood, Williams and Parker will be present for the ceremonies which will bring to 36 the number of men honored in the Hall of Fame. Buckstaff will be represented by his son, Clyde Buckstaff.

Bill Reed, the Big Ten commissioner of athletics, will be the principal speaker.

**Pro Basketball**  
WEDNESDAY'S RESULTS  
NBA  
Detroit 127, St. Louis 122  
Syracuse 114, New York 102  
Philadelphia 165, Cincinnati 133  
Los Angeles 130, Chicago 118

The 1961 Lawrence College freshman football team won two of its three games. Shown in the front row, left to right, are Rick Rappoport, Bill Hobbins, Gary Kussow, Bob Scott, Pete Kafura, Al Gombler, Jerry Leatham, Don Gurney, Steve Sorota and Norm McLean. Second row: Manager Mike Lynn, Paul Clark.

Don Schalk, Jim Maucker, Dick Ambrose, Lynn Lundeen, Jeff Cook, Jerry Hawkins, Jess Oden, Ed Decker and Mike Clair. Back row: Assistant Coach Don Lemke, Bob Dorn, Corry Azzi, Al Manson, Al Parker, Dennis Koskelin, Mike Wright, John Fischer, Duncan Malloch, Bill Prange and Head Coach Gene Davis.

Defensive King

Troublemaker Sample Brightens Steelers

BY JACK HAND

Associated Press Sports Writer  
If Johnny Sample is a troublemaker, the Pittsburgh Steelers will take more of the same. The man who walked out of the Baltimore camp after an argument with Coach Weeb Ewbank leads the National Football League in pass interceptions as a valuable member of the Steelers defense.

Coach Buddy Parker assigns Sample to the enemy's top pass catcher each week. Tommy McDonald, Red Phillips, Ray Renfro and Frank Clarke know what kind of a job he does. R. C. Owens of San Francisco got away with the most and he caught five on Sample.

**Lonse Sample**  
Although Parker hasn't tipped his hand, it is expected he will set Sample loose on Del Shofner Sunday when the Steelers play the New York Giants at Yankee Stadium.

"I hope he does," said Sample, former national singles tennis champion, and the late John Buckstaff, former yachting champion from Oshkosh.

Blood, Williams and Parker will be present for the ceremonies which will bring to 36 the number of men honored in the Hall of Fame. Buckstaff will be represented by his son, Clyde Buckstaff.

Bill Reed, the Big Ten commissioner of athletics, will be the principal speaker.

**Pro Basketball**  
WEDNESDAY'S RESULTS  
NBA  
Detroit 127, St. Louis 122  
Syracuse 114, New York 102  
Philadelphia 165, Cincinnati 133  
Los Angeles 130, Chicago 118

at home to Los Angeles. The Packers will be without their scoring ace, Paul Hornung, now in the Army. Chicago is at San Francisco for a make-or-break game for both clubs. Detroit is at Minnesota. St. Louis at Baltimore and Washington at Dallas in other games.

Sample, tops with eight interceptions as compared with a total of five in three previous years as a pro, said he thinks he gets more chance to grab off passes from his new corner back job instead of his old safety spot.

"When you play safety they usually try to throw away from you," he said. "In the corner you usually play their best receiver. They are not going to throw away from him so you get a chance."

Fans get "on" Sample because he likes to talk to the man he is playing.

"I'm not saying anything bad," he said. "Just trying to get their attention away from their business. Take a fellow like McDonald he really talks back."

As for the end of his relations with Baltimore, Sample explains it like this:

**Disagreement**  
"Ewbank and I had a disagreement," he said. "He thought I should be killed because I didn't catch a kickoff seven yards deep in the end zone in an exhibition game. I just picked it up and handed it to the referee. I told Ewbank I just couldn't catch it. He said I had to get fined. And I said I'd rather be traded. I didn't go back to training camp and the next thing I know I'm with Pittsburgh."

Sample has a couple of other ex-colts as teammates with the Steelers. Big Daddy Lipscomb is back in his old stride as a defensive tackle and Buzz Nutter is the center. They went to Pittsburgh in a trade that sent Jimmy Orr and others to the Colts.

In addition to the eight interceptions, one for a touchdown, Sample ranks fifth in punt returns and 10th in kickoff returns in the league.

Ruth Pennings' 552 Series Leads

Ruth Pennings spanked a 552 series, including games of 219 and 191, in the Women's Monday Night League at Twelve Corners.

The Center Valley Tavern team leads the circuit.

Ben Agajanian talks to the coach of the Dallas Texans about the possibility of his transferring to the Green Bay Packers for place-kicking duties.

Deer Hunt Will Open Saturday

CONTINUED FROM PAGE 1

Area Supervisor W. C. Truax says there is a "slight increase" in the number of east central deer. He said most of the bucks will be yearlings with forked horns which he attributes to good range conditions and heavy cropping.

Locally, hunters should do best in the Hortonville-Shiocton-Bear Creek area and in the Navarino region. A good population of deer is reported in the Nichols area.

A shotgun loaded with slugs is the only legal weapon for deer in Waupaca, Calumet, Outagamie, Winnebago, and Brown counties as well as in all of the southeastern area.

Hunters should check all of the regulations before entering the woods.

The Conservation Department estimates the state's total deer population at between 400,000 and 500,000 animals. Only one thing is certain at this point: Whatever the total figure, there won't be that many when the nine-day shooting period ends Nov. 26.

49ers' Hickey Uses Past To Build Squad's Future

Coach Runs Films Of Victories To Offset Anxiety

SAN FRANCISCO (AP)—Like a Viennese analyst, coach Red Hickey is trying to restore the confidence of his San Francisco 49ers by reminding them of happier days.

"Things weren't always like this," he tells his warriors, wounded in pride and body, as they prepare for Sunday's National Football League clash with the Chicago Bears.

He's showing them movies of their finest hours — their 49-0 trouncing of Detroit and 35-0 shellacking of Los Angeles in October. To the 49ers, that seems a long time ago.

**Sudden Tumble**  
San Francisco was sitting atop the football world a month ago but they've lost three and tied one in their last four games.

"The boys are working hard," Hickey says, "and I'm trying to encourage 'em. There never has been any apparent lack of effort."

The Bear game is a vendetta for the 49ers.

"They started us downhill," Hickey says, "and we weren't

Repeat Mark Possible

Bakken Captures Top Statistical Interest

CHICAGO (AP)—The kicking ment is Michigan's Scott Maentz of Wisconsin's Jim Bakken steals with 39.8 in 19 punts. Bakken won the Big Ten statistical spotlight in a trade that sent Jimmy Orr and others to the Colts.

The senior 195-pound quarterback from the Badgers' home territory of Madison is on his way to becoming the first player to repeat in the modern era as the conference punting champion.

The Badger co-captain, spending most of his career in the shadow of aerialist Ron Miller, had his greatest day last Saturday in Wisconsin's 29-10 defeat of Northwestern.

**Field Goal Mark**  
He booted a record 47-yard field goal, erasing the mark of 42 by Pass receiving — Pat Richter, Illinois' Mel Brewer in 1939. He punted 89 yards dead on the Wildcat 3, seven yards shy of the record by another Badger, George O'Brien, in 1952. In all, he averaged 48.3 yards in six punts, boosting his Big Ten-leading average to 41.0 in 26 punts for the season.

His nearest rival in the department is Michigan's Scott Maentz of Wisconsin's Jim Bakken steals with 39.8 in 19 punts. Bakken won the Big Ten statistical spotlight in a trade that sent Jimmy Orr and others to the Colts.

The senior 195-pound quarterback from the Badgers' home territory of Madison is on his way to becoming the first player to repeat in the modern era as the conference punting champion.

## Reuss Backs Proposal for State Park

WASHINGTON (AP) — Rep. Henry Reuss, D-Wis., has urged that the Wisconsin Conservation Commission act favorably on a Washington County, includes some of the most beautiful hill, valley, Hill area of the Kettle Moraine marsh and river country in the State Forest to the state park system.

Reuss, noting that the area has local taxes on land not in the park, lawlessness and trespass, for 25 years, said further delay and a financial loss to land owners would mean the area would be engulfed in "urban sprawl" and subdividers.

The congressman also said the

site is probably the only one in the state to qualify under the federal "Open Space" program and said "if we act promptly, we can get the federal government to pick up 35 per cent of the cost of acquisition."

### Residents Object

The area, located mostly in Washington County, includes some of the most beautiful hill, valley, Hill area of the Kettle Moraine marsh and river country in the State Forest to the state park system.

Reuss, noting that the area has local taxes on land not in the park, lawlessness and trespass, for 25 years, said further delay and a financial loss to land owners would mean the area would be engulfed in "urban sprawl" and subdividers.

The congressman also said the

## Mamie Eisenhower Celebrates Birthday

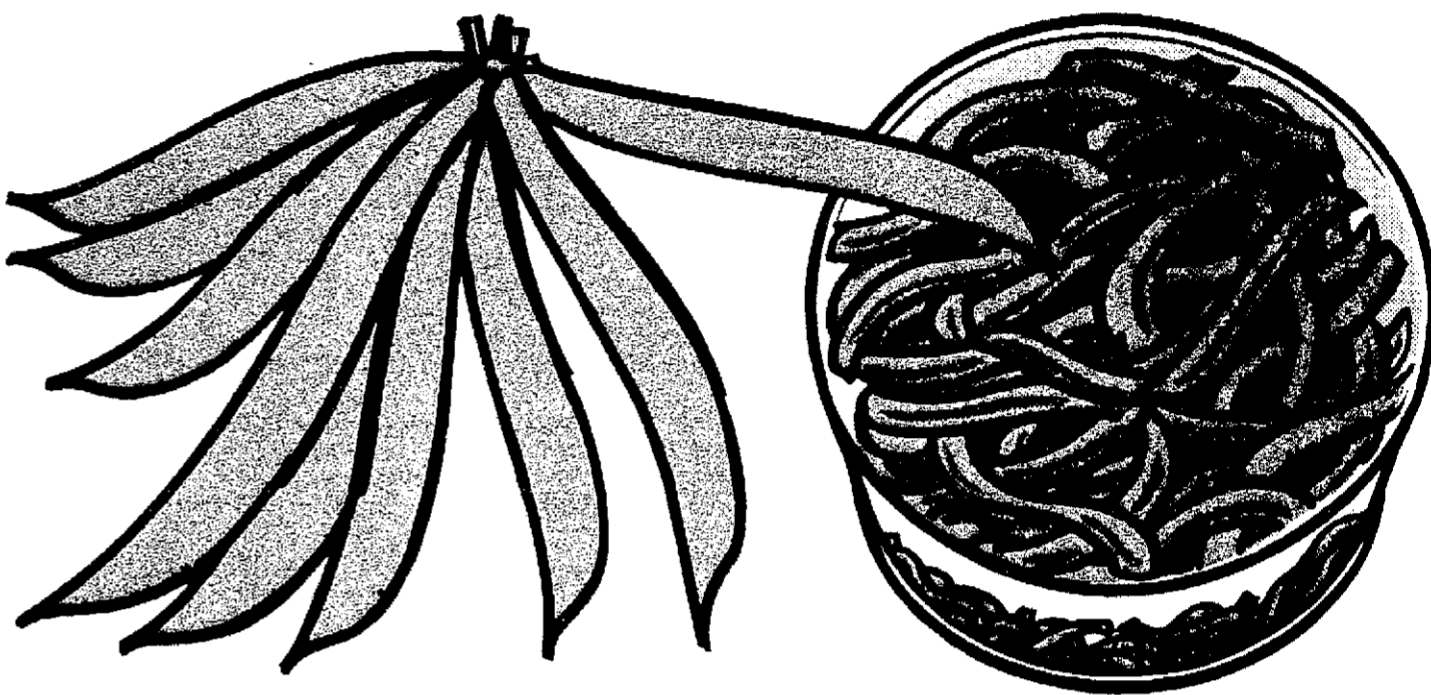

AUGUSTA, Ga. (AP)—A large cake in the shape of "Mamie's Cabin" was a feature of Mrs. Dwight D. Eisenhower's 65th birthday celebration on Tuesday night. "Mamie's Cabin," named for the former president's wife, is a large luxury cottage on the edge of the Augusta National Golf Club course. The Eisenhowers are spending a vacation there. As Mrs. Eisenhower cut the

**Young Politicians to Tour Western Europe**

WASHINGTON (AP)—Fourteen young political leaders — seven Democrats and seven Republicans flew from New York Wednesday on a two-week tour of western Europe aimed at better understanding among young peoples.

They will have an opportunity to receive first hand information on the aims and problems of North Atlantic Treaty Organization member nations.

The two groups, plus four young Canadian political leaders, will visit London, Paris, Brussels, Berlin, Bonn and probably Amsterdam.

The young Republicans include James Harff, Sheboygan, Wis.

**Prunes Go Glamorous in This light, fluffy dessert.**  
This Prune Snow is a novel suggestion for the hostess who might be running low on special treat ideas.

**Dessert Fans Will Like Prune Snow With Sauce**

BY EDITH M. BARBER

Prunes often are considered as a winter fruit, perhaps because there is not a great variety of fresh fruits in the market at this season. Another reason is that although prunes are almost always available, the new crop puts in its appearance during the fall and is often featured in the market.

Prunes are classified according to size as small, medium, large and extra-large and the price may vary accordingly, but the quality is the same for all and the amount of pulp is practically equal. Choice is generally based upon particular needs. For breakfast—except for extraordinary occasions—the small or medium size is most popular.

Little preparation is necessary for prunes. They are actually partially cooked during processing. They may be cooked without soaking, but time can be cut down if they are plumped in cold water for a few hours. They will then have a thick and syrupy juice after simmering just a few minutes. It hardly seems necessary to mention that the water in which they are soaked is cooked with them, but I have actually seen this discarded.

**Prune Snow With Custard Sauce**

1 envelope unflavored gelatin  
1/4 cup cold water  
1 cup boiling water  
1 cup sugar  
1/4 teaspoon salt  
1 teaspoon grated lemon rind  
1/4 cup lemon juice  
1 cup sieved prune pulp  
3 egg whites  
Whole Plumped prunes

Walnuts  
Custard Sauce

Soak gelatin in cold water five minutes. Add boiling water, stirring until gelatin is dissolved. Add 1/2 cup sugar, salt, lemon rind and juice. Chill until mixture begins to stiffen. Whip until foamy and add prune pulp. Whip egg whites until stiff, and gradually beat in remaining 1/2 cup sugar. Fold into prune mixture. Pour into mold and chill until firm. Unmold and garnish with plumped prunes and walnuts. Serve with Custard Sauce. Yield: Six to eight servings.

**23 Injured When Bus Smashes Into Tree**

PLATTSBURGH, N.Y. (AP)—A Greyhound bus veered from a rain-slick highway three miles north of here Tuesday and smashed into a tree. Twenty-three persons were injured, one seriously.

The bus driver said he had been blinded by the lights of an oncoming automobile that did not stop.

The bus was en route from New York City to Montreal. Most of the passengers were Canadians.

The driver, George W. Gannis, 54, of Brooklyn, suffered an arm injury.

**Skillet Club**

**Hot Potato Salad Excellent Accompaniment for Fish**

BY FRANK KOHLER

"This Hot Potato Salad was served at our house when we had fish," says Miss Clara Wohl of Tacoma, Wash.

"The amount of liquid can be determined by the amount of potatoes and to suit the individual taste."

The hot salad is an excellent dish for nippy days and it offers one more interesting way to serve the popular vegetable.

**Hot Potato Salad**

8 medium potatoes.  
1 1/2 tablespoons bacon fat or shortening.  
1 medium onion, chopped.  
1 cup cider vinegar.  
1/3 cup sugar.  
Salt and pepper to taste.

Boil the potatoes in their jackets until tender. Drain and cool. Cut in round slices. Melt fat or shortening and stir in the onion, and cook over low heat, stirring. Heat the oil and stir in the next until onion is tender but not five items and let cook five minutes. Stuff the fish cavity with gar, and salt and pepper to taste, the mixture and fasten with poultry. Bring to a boil and stir in the try pins or skewers. Place in

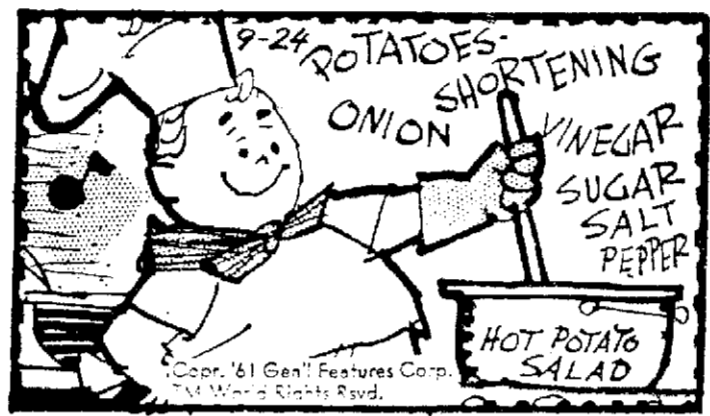

potatoes, tossing gently until all are coated. Keep warm until served — it is best to let them stand for a time.

While we're this far West, might as well hop on over to Honolulu figuratively, for this Baked Stuffed Fish dish. Select about a live pound fish for this, and have him boned, if he lends himself to that operation, and cut for stuffing. Sea bass, for instance, is ideal, or so is lake trout, for that matter.

**Baked Stuffed Fish**

1 fish as above specified.  
1/2 teaspoon salt.  
2 tablespoons salad oil.  
1/2 cup sliced mushrooms.  
1 package (10-oz.) frozen French cut green beans.  
3 tablespoons minced onion.  
1/2 teaspoon celery seeds.  
2 teaspoons soy sauce.  
1 cup sweet fresh cucumber pickles, diced.  
1/4 cup liquid from the pickles.  
3 medium tomatoes, sliced.  
1 tablespoon cornstarch.

Sprinkle cavity of fish with salt. Sprinkle cavity of fish with salt. Sprinkle cavity of fish with salt. Sprinkle cavity of fish with salt. Sprinkle cavity of fish with salt.

**25<sup>c</sup> refund on frozen pie**

(pumpkin, mince, apple, cherry, etc.)

**When you purchase a can of Reddi-Wip or Top-Wip**

See display at your local super market. Pick up a coupon at your favorite store—mail it in with cap from a can of Reddi-Wip or Top-Wip plus the name portion of a frozen pie package, and you will receive the refund price of one frozen pie. Only redeemable with coupon—maximum refund 25c

**Cranberry Use Doubles Since 1935**

America's cranberry appetite has doubled in the last quarter century, as witness the 1,344,000-barrel crop grown and consumed in 1960 in comparison with a mere 515,000 barrels in 1933.

The present harvest available at top-notch quality is estimated by the U. S. Department of Agriculture at 134,400,000 pounds, exceeding all previous crops. Approximately 29 per cent comes from Wisconsin, the largest, 59 per cent from Massachusetts; 6 per cent from New Jersey; 4 per cent from Washington and 2 per cent from Oregon.

We've been discovering more and more that the tart-sweet tang of cranberries adds zest to meals throughout the year as well as at holiday time.

Today everybody can afford fresh cranberries. New varieties and modern growing and harvesting methods are producing enough cranberries for dinner tables all over America. There's no reason why we should do without cranberries during spring and summer months. Just toss packaged fresh cranberries into the food freezer as they come from the produce counter. Cook them when you want to enhance a particularly good menu with a cranberry sauce or relish.

Good cranberry cooks observe this basic 1-2-4 rule: Make a sugar syrup of one cup water and two cups sugar. Add four cups, or one pound, fresh cranberries and cook rapidly just until cranberries finish popping. Additional cooking is unnecessary and tends to make them a bit blither.

**U.N. Committee Will Not Invite Communist Nations**

UNITED NATIONS, N.Y. (AP)—The U.N. General Assembly's legal committee has turned down a proposal to invite Red China, East Germany, North Korea and North Viet Nam to an international conference on consular relations.

The 103-nation committee unanimously adopted a resolution to call the conference in February 1963 but voted 45-26 against an amendment that would have invited "all states" to participate. The resolution sent to the Assembly for final approval invites only those countries belonging to the United Nations and its specialized agencies or adhering to the statutes of the International Court of Justice.

**Emergency Room Roles Revealed by Survey**

**BY ARTHUR J. SNIDER**  
Chicago Daily News Service

CHICAGO — It started out as a survey by the American College of Surgeons to determine how good is the care accident victims are getting in the nation's hospitals.

To their surprise, committee members found the emergency departments were largely that in name only. Three times as many people are visiting them for medical treatment of various ailments as for accidental injuries.

"The emergency room has become a community medical center," said Dr. Robert H. Kennedy of New York, committee chairman.

Colds, Fevers, Rashes

"They're being visited by people from all walks of life for all kinds of things—colds, fevers and skin rashes."

He reported the findings to the ACS annual clinical congress here.

Dr. Kennedy said the flow of patients to emergency rooms is occurring because it seems to be the easiest way to get a doctor.

"The emergency department is open all night and no appointment is necessary. The biggest flow we found between 4 p.m. and 11 p.m. after the husband is through work."

**No Opposition**

Oddly enough, there is no opposition among physicians toward this new trend of community medical care in the hospital.

"We have yet to find a physician who is objecting to the emergency department treating medical cases," said Dr. Kennedy. "In this age of the 40-hour week, the physician is happy when he can get a 40-hour week."

While hospitals have out-patient clinics to treat medical problems, the patients seem to shun them in favor of the emergency room, apparently because of the association of out-patient clinics with indigency, Dr. Kennedy said.

Most of the people who are coming to the emergency ward can well afford to pay a medical fee, he added.

**At Least 190 Dead In Mexican Cyclone**

ACAPULCO, Mexico (AP)—Belated reports from Pacific Coast villages flattened by a cyclone brought word of at least 190 dead Tuesday night.

Authorities said the toll probably would rise still when communications are restored along a 120-mile stretch north of Acapulco when the storm roared ashore last weekend.

There were no Americans listed among the known dead.

**Press Drive to Oust Mercenaries**

**By TOM HOGGE**

UNITED NATIONS, N.Y. (AP)—An Asian-African demand for use of force to drive foreign mercenaries out of the Congo's Katanga Province was expected to run into strong Western opposition today.

The Security Council meets this afternoon to take up a resolution by Ceylon, Liberia and the United Arab Republic that would authorize acting Secretary-General U Thant to use force if necessary to expel foreign fighting men hired by Katanga President Moise Tshombe's secessionist regime.

A new African outburst against Tshombe also was certain in the wake of a U.N. investigating committee's suggestion that former Congo Premier Patrice Lumumba was murdered last January, probably in the presence of high Katanga officials.

Britain and France were scheduled to take the floor at the outset of today's debate. They have reportedly joined the United States in opposing any council action that would direct U.N. forces to join the Congo army in an offensive against Katanga.

# Vitamins Not Ready Answer To Family Nutrition Problem

CHICAGO — Vitamins are not a food substitute nor will they give a healthy person any extra nutritional benefits when taken in addition to an adequate diet, an article in Today's Health says.

Vitamins are regulating chemicals needed for growth and the control of body activities, it said. Well-balanced meals provide all the vitamins and other nutrients the body needs or can use, according to expert opinion in the current issue of the magazine, published by the American Medical Association.

Many parents equate vitamin pills with food, Clement A. Smith, M.D., associate professor of pediatrics, Harvard Medical School, Boston, said.

**Ads Misleading**  
"They have been deceived by skillfully misleading advertisements into believing vitamin pills will take care of the family's nutrition," he said. "Children don't gain pep by taking vitamin pills, and parents must understand clearly that no vitamin, either in food or in pill form, is a tonic or stimulant. Nor does giving a child more vitamins than he needs for normal growth speed up his growth rate."

William B. Bean, M.D., professor of medicine and head of the Department of Internal Medicine, State University of Iowa, Iowa City, said. "There is not one iota of scientific information which suggests that people who have an adequate balanced diet and have no diseases that interfere with digestion gain any benefit from self-prescribed vitamin or mineral supplements."

## Study Cited

In a study involving about 1,000 healthy Army men, some of whom took vitamins in addition to their rations, Dr. Bean found no difference in performance, fitness or health between those who took vitamins and those who had the same rations and no vitamins.

Charles Glen King, Ph.D., a biochemist and president of the Nutrition Foundation, New York City, said a vitamin deficiency can be identified only by a competent physician. There is good evidence, he added, that the average American's diet contains adequate supplies of all vitamins known to be needed, along with the other essential nutrients.

The article, written by Gaynor Maddox, also pointed out that there is no medical proof that any vitamin supplement on the market can prevent colds, nor is there any need for adding supplemental vitamins to a well-planned low-calorie reducing regimen.

## Didn't Vote for Party 2 Italian Reds Ousted

CALTANISSETTA, Sicily (AP) —Town councilmen Giuseppe Picone and Biagio Amico of nearby San Cataldo have been expelled from the Italian Communist party. Party officials found them guilty of "treason and unworthiness" because they did not vote for the party in recent local elections.

## Nelson, Secretary Forfeit \$10 Bonds

MADISON (AP)—Gov. Gaylord Nelson and his press secretary, William Fairfield, have forfeited \$10 bonds each when they failed to appear in Superior Court on traffic charges.

The governor was accused of allowing use of a personal car with faulty brakes, Fairfield with driving it. The car was found properly parked at the bottom of a hill last week.

## New Electronic Device Tested During Fires

LOS ANGELES (AP)—An electronic camera that sees through to the Institute of Aeronautical Sciences.

The device, which was tested for the first time during the recent Bel-Air and Topanga Canyon fires, operated from an airplane at an altitude of 10,000 feet, successfully mapping the path of the blaze and showing the intensity of hot spots.

even though the area was blanketed by smoke.

By relaying what the camera sees to the ground, Stewart said, fire department command posts could keep a wide-spread blaze under constant surveillance, dispatching equipment to new flare-ups instantly.

Stewart said the new camera was an extremely sensitive microwave radiometer, a device for receiving very short radio waves. "This is not an infra-red device," Stewart said. "Fire emits by a layer of clouds

Thursday, Nov. 16, 1961 Appleton Post-Crescent C11

microwaves as well as infra-red radiation, and these are what the camera records.

"Infra-red cameras won't work in this application because smoke particles scatter infra-red radiation. Microwaves, however, go right through the smoke."

Stewart said the camera also could be used to detect icebergs from the air even though hidden by a layer of clouds

## Bishop Predicts Doom of Communism

DALLAS, Tex. (AP)—Lutheran Bishop Otto Dibelius of Germany said Sunday the world will forget living communism in 100 years but the church will still stand. The bishop spoke at Southern Methodist University where he was awarded an honorary degree.

# Pentagon a Victim Of 'The Big Sell'

## Military Contractors Pressure Armed Services for \$25 Billion

**BY JAMES McCARTNEY**  
Chicago Daily News Service

WASHINGTON — Here's how a giant defense contractor operates in Washington in seeking a share of the nearly \$25 billion now parceled out annually to buy weapons and supplies for the military.

The system, at least in part, is described by a former public relations man for a firm that holds more than \$1 billion in defense contracts.

"We staged huge selling campaigns at the Pentagon, lining up dozens of interviews in a single week with procurement (supply) officials," he relates.

"The campaign would be outlined in a book two inches thick organized to the finest detail, right down to selecting the 'psychologically right' colors for maps, charts and graphs for maximum selling impact.

"Our excuse for the meetings much is certain the activities of would be that we wanted to bring him defense contractors, collect the military up to date on our lively, represent a powerful force in the politics of national defense, and most of the time, probably, they involve purely technical subjects.

Contractors not only have constant meetings with procurement officials who make decisions on where money will be spent, they also frequently make contacts with senators and congressmen from states in which they have plants.

They seek all the help they can get. One senator reports that he gets an average of three telephone calls a day from defense contractors.

The most frequent point of contact between contractors and the government, however, is in the hundreds, perhaps thousands, of meetings that take place every year with procurement officials of the three armed services.

These meetings are a vital part of defense operations, particularly because private industry carries 80 per cent of the load in weapons development.

Technical Subjects

They are necessary to maintain liaison between manufacturers and Defense Dept. buyers.

Sen. Paul Douglas (D-Ill.) has said non-competitive contract awards create an "area of suspicion."

In the first six months of 1961 about 60 per cent of Defense Dept. contracts were not competitive, according to the Senate's Joint Economic Committee.

This high percentage has been a matter of dispute between the Pentagon and some members of congress, in which the Pentagon has claimed that frequently there is one "best" source for a particular item and congressional critics have said this is a lazy man's way of doing business.

All parties seem to agree that "personal contacts" play an important role in defense buying decisions. Thus one of the most important jobs of a Washington company representative is always to make friends.

"It always helps if you know someone personally," says a top defense official.

The importance of "personal contact" is undoubtedly one reason why many retired admirals and generals have been put to work by defense contractors.

A House subcommittee found 1,400 retired officers in the rank of major or higher — including 261 generals and admirals — working for the top 100 defense companies.

How much entertaining is done

### comparison shopper . . .

fresh from the trouble spot in Neenah

Picture (and pity) the poor comparison shopper. His job . . . not to make or sell something or to service something . . . his job is to be a price pirate (1961 model pirate) with notepad.

Picture him arriving for work. "Flintskin," says the boss, "find out why our toys ain't selling . . . get out to Schmitt's and see how much lower the price is!"

So Flintskin stumbles to Schmitt's where the only cheerful thing he can count on is easy and free parking (Flint won't have to pay a meter, get his ticket stamped or even buy anything)

He enters Schmitt's (where the real problem begins . . . what price isn't lower . . . which ones should he jot down?)

Then Flint fumbles back to the big boss (delayed slightly by parking troubles) and the two of them go over the prices Flint has dutifully copied . . . (several pages by the way).

"We'll knock a buck off this one . . . and this . . . and reduce the rocket ship to \$2.79 . . . that'll draw the customers"

"Now I want the rocket ship played up big," says the boss, "Lotsa promotion, top attraction, ya hear!"

So Flint does as ordered. The pirate shopper has done his job . . . he can go home. But one thing bothers Flintskin!

It's the very same thing that bothers many other shoppers.

FLINTSKIN BOUGHT A ROCKET SHIP THE DAY BEFORE!

. . . and not from Schmitt's!

# SCHMITT'S

Open Monday Through Friday 9 to 9 Until Christmas Saturday 9 to 5:30

### State Missionary Held by Portuguese

HAMPTON, Va. (AP) — Four American missionaries to Portuguese Angola, including one from Wisconsin, have been held prisoners since Sept. 5, the Rev. Phillip Weeks, pastor of Buckroe Beach Methodist Church, says.

He said they were taken to Lisbon and imprisoned twelve days after being arrested in Angola. The quartet included the Rev. Frederick Brancel of Endeavor, Wis.

Weeks said the four men were charged with conniving with terrorists and with attempts to sabotage the Luanda Malange Railroad. In addition, Brancel was charged with helping to send pupils from the Wuessua Mission to join the terrorist movement in the Congo.

The Methodist Board of Missions in New York has been trying to obtain the release of the four missionaries.

### Runge Says Callup of Reserves Necessary

MILWAUKEE (AP)—Carlisle P. Runge, assistant secretary of defense for manpower, says the callup of reserve units, including Wisconsin's 32nd Division, was a matter of necessity rather than choice.

Runge said the activation of the units was part of the Kennedy Administration's move to increase the flexibility of the nation's defense position. He said that stronger conventional forces permit the United States to protect itself against aggression without resorting to all-out nuclear war.

A law professor at the University of Wisconsin prior to his Defense Department appointment, Runge spoke to about 300 educators attending a conference sponsored by the Milwaukee Public Schools and the Milwaukee World Affairs Council.

### Politics of Survival

Lobbying, in the classic—and the legal — sense, involves dealings with congress to influence legislation. It does not cover contacts with Defense Department agencies that make decisions on where money will be spent.

Says one House of Representatives aide who handles lobby registrations, "We hardly touch the Defense Department where the real money is. The hole in the law is bigger than the Washington Monument."

Washington offices of contractors vary widely in size. The Boeing Airplane Co. has eight men in Washington, four of whom spend most of their time at the Pentagon. General Electric has more than 60 working at the Pentagon—about 15 with the Army, 30 or so with the Air Force and another 20 with the Navy.

Different manufacturers have different names for these contact men, but they are often called "sales engineers."

### No 'Lobbying'

Manufacturers insist that they do not "lobby" for contracts, but simply furnish information.

Among activities that some perceive are "briefing" military officers of the various services before they testify before congressional committees about weapons.

The role of industry, however, is only a part of the picture of the politics of survival. Congressmen and senators are deeply involved in influencing defense spending policies.

Tomorrow: the role of congress.

# Baby Picks Time for Birth, No Capricious Choice Made

BY JOSEPH G. MOLNER, M. D.  
 "Dear Dr. Molner: I have two children, the first being born the day before the date the doctor gave me. The second one wasn't born on the given date, so the doctor forced labor."  
 "I am now going to have my third baby. Will it be born without forcing labor?" — Mrs. S.  
 "Most likely, but I can't say positively."

Molner

There isn't any way to predict in advance the exact day a baby will be born, and coming within one day, as with your first child, was the result of good calculating — and luck!

**Normal Variation**  
 There can be a perfectly normal variation of two weeks or so either way, early or late. In extreme cases, there have been variations of quite a bit more. Even though labor was forced in one instance this does not mean that it will be forced the next time. After all, the first baby was a day "early," but the next one wasn't.

The date calculated is only an approximate one. It gives you a chance to make general plans in advance.

Forcing, or inducing, labor is a decision which must be made on the basis of the facts in the particular case. It is not something to be done just to make a baby be born on Halloween, or Aunt Lulu's birthday, or some other such date.

Rather, inducing labor is done for health reasons. The size of the baby, as compared to the mother's measurements, is one. If, clearly, the baby has had adequate time to develop, but the mother's measurements are rather small, inducing labor is a good way of minimizing the strain on both mother and baby. There are other considerations, too, but they become technical. In any event, the welfare of mother and baby is of prime importance. There is no room for capricious "choice of birth date."

Yes, this applies equally to babies being born around midnight of Dec. 31. It's nice to be "the first baby born in the New Year," and sometimes this also brings some loot such as baby clothes, baby food and other such stuff. But it's no excuse for either delaying or hastening a birth. Except when there is clear and firm reason for acting otherwise, the best time for a baby to be born is the time the BABY selects.

**Out of Same Dishes**  
 "Dear Dr. Molner: I have friends who feed their dog out of the same dishes they eat from. These dishes are all washed together. The couple has colds all winter. Could the cold germs be gotten from the dog dishes?—Mrs. G.R.S."

I doubt whether the dishes have anything to do with the colds. On the other hand, as a general precaution I certainly think dogs should have their own feeding dishes. (Safest for the dogs, too!)

"Dear Dr. Molner: After a recent examination by a urologist, I was told that the red color ap-

pearing in my urine could be what is called 'brick dust' rather than blood. Could you explain this?—M.A.R."

Certain crystals can form (phosphates, urates, etc.) that are very small but impart a reddish color at times. The comparative acidity or alkalinity, along with certain kinds of fruits and vegetables in the diet, can determine whether this color appears.

(Copyright, 1961)

**Hurl Tear Gas Bombs**  
 BERLIN (AP)—East German police hurled barrages of tear gas and rocks over their wall into West Berlin during the night. West Berlin police reported today. A bus in Bernauerstrasse, in the French sector, was damaged. West police said they didn't know what set the East Berliners off, but the West police quieted them by tossing five tear gas grenades over the wall.

## Santa Will Stop Saturday At Valley Fair

The Christmas opening at the Valley Fair Shopping Center will start tonight and run through Saturday. The opening features the official arrival of Santa Claus at 2:30 on Saturday.

Thursday, Nov. 16, 1961 Appleton Post-Crescent C13  
 Santa will arrive at the Outagamie County Airport at 1:15 Saturday and will be escorted immediately to the children's ward of Appleton Memorial Hospital and then to the children's ward of St. Elizabeth Hospital to greet the children there. He will leave with each child. This is the second year Santa has stopped to visit the children after his arrival here. Santa is scheduled to arrive at the shopping center's main parking area at 2:30. He will retire to his throne in the mall, where he will greet and give treats to all the children.

# League Officials Urge Conduct Code

## Mid-East Conference Heads Hope Action Will Curb Vandalism

KIMBERLY — School superintendents and principals agreed Wednesday that a firm stand was needed by school authorities to halt a rising trend of vandalism after football games.

The agreement was reached during the annual meeting of the Mid-Eastern Conference executives at Kimberly High School. At the meeting it was revealed

# Interviews Will Check Opinions

## State-Wide Survey Includes Families In Fox Valley Area

Households in Outagamie, Winnebago, Waupaca and Brown counties will be visited by interviewers to get an accurate picture of how Wisconsin people feel about a number of current topics.

The surveys will be conducted by the Wisconsin Survey Research Laboratory, a unit of the University of Wisconsin in Madison. They will start Nov. 20.

A cross-section sample of the state's million families in the state has been scientifically selected to include people of all ages in all types of work living in cities, towns and on farms.

A section sample of this type is designed to furnish an accurate reflection of opinions and attitudes of the adult population of the entire state.

The results of all the interviews are published in statistical reports which represent the state as a whole. No person is ever identified.

Interviewers are employed by the University and carry identification cards. They are trained to record opinions accurately and objectively.

Mrs. John B. Dachelet Sr., a member of the Wisconsin Survey Research Laboratory's field staff, said that a Menasha resident will be interviewed by the Laboratory's representative in Waupaca County. Other representatives in the area are Mrs. Marvin Gegan, Neenah, for adequate night football, said Winnebago County Mrs. Elroy Gegan and the lighting is to be removed.

Two Rivers Supt. George O'Brien said that night football is hazardous and dangerous in the late season. He cited instances of poor travel conditions and slippery fields as that school's reason for switching to daylight ball in the second half of the season.

Gegan pointed out that a lot of vandalism problems could be solved if the other schools considered switching to the daylight games.

# Crew Foreman Bound Over For Jury Trial

## Negro Apple Picker Faces First Degree Murder Charge

STURGEON BAY — The leader of a Negro apple-picking crew accused in the knifing death of one of his men was bound over Wednesday afternoon after a three-day preliminary hearing before Door County Judge Grover M. Stapleton.

Henry W. Horton, 36, of Arcadia, Fla., will face trial on a charge of first degree murder in Door County Circuit Court when the March term opens March 12. His defense attorney, Steven Co. 29, when Green Bay, has requested a trial by jury and the case will be heard here before Judge Donald W. Gleason who will succeed Judge Edward M. DuQuaine on the circuit court bench Jan. 1.

Horton is held without bail at outside the French Embassy station as 4,000 Lebanese demonstrators imprisoned by France. Also being held under \$300 bail stated for the release of Moham

each are seven material witnesses in the case, four at the request of Dist. Atty. Edwin Stephenson and three at the request of the defense.

All Migrants  
The accused and the witnesses all are Negro migrant workers from the south.

The court orders holding witnesses are presenting several problems for their wives and families staying for the time being at the Sam Goldman Orchards near Ellison Bay in some cabins designed for summer use only.

Horton's brother, Alfred, his wife, and three small children, and the wife of Joe Louis Patterson and their small child.

Three cabinmates of the dead, James T. Samuels, 40, Detroit, testified Wednesday at the hearing about the climax of an argument between Horton and Samuels, which resulted in a fatal stabbing wound in Samuels' left chest about 9 a.m. Sunday Oct. 29.

Police Guarding French Legation  
BEIRUT, Lebanon (AP)—Police stationed an emergency guard day as 4,000 Lebanese demonstrators imprisoned by France. Also being held under \$300 bail stated for the release of Moham

# Farm Bureau Will Support Nelson's Plan

MADISON (AP)—Support for Gov. Gaylord Nelson's income-sales tax compromise was announced Wednesday by the Wisconsin Farm Bureau Federation.

Federation spokesman William Kaska said that while the Federation spokesmen preferred the more inclusive Republican sales tax plan, it regarded the Nelson bills as a good beginning toward tax revision.

"It is seldom possible, and often unwise to attempt massive revision in a single legislative session," Kaska said. "Likewise, it may be prudent at this time to tread with caution and trust that future legislative bodies will respond to the needs of our society and shape tax policies that will continue to encourage initiative, resource development and economic growth."

He added that the Nelson plan provides "a respectable amount of relief for farmers."

# Menasha May Retain Tax Rate of \$36 Per Thousand

## Council Orders Big Cuts in Park, Street, School Costs

MENASHA — By ordering several large budget cuts, the Menasha common council Wednesday hammered out a tentative 1962 tax rate of \$36, the same as for the current year.

In their committee of the whole session, the aldermen struck \$174,924 from the requests of the street department, Park and Recreation Board and Board of Education.

In order to hold the present tax rate, the aldermen also gave tentative approval to spending \$100,000 from the general fund.

The budget would include a 3 per cent pay increase for all city employees (excepting school employees, whose pay raises are included in \$78,000 extra money requested), and \$25,000 contingency fund.

Park, Recreation and swimming pool tax levied money would be limited to \$100,000, down \$40,608 from the original request.

Schools Up \$80,000

The school system would receive \$80,000 more than this year's \$778,635 — the \$850,635 coming from the city and town of Menasha jointly. The city would pay about 78 per cent, or \$651,165, and the town 22 per cent, or \$208,000.

The street budget suffered mostly in construction outlays. That portion began at \$79,181 requested, sustained \$31,425 cuts and ended at \$48,757.

Total street department reductions for next year would be \$42,924 if the council formally decides.

In general expense, \$94,700 would be for labor and \$13,085 for materials for street repair, cleaning, snow removal, sewers, sidewalks and bridges.

Maintenance items for equipment total \$18,285. Aldermen cut \$2,300 from that part of the street budget.

Machinery outlays now planned the Thompsons drama group Dec. total \$17,550, down \$6,950 from the 21 and 22 and requires a cast of originally requested \$24,500. Items in. Seniors are being given eliminated were a new pickup truck, \$2,000; new one-ton dump truck, \$3,000; and new mower and will have before graduation.

## Police Won't Help Enforce Parking Laws

### Neenah Council Turns Down Bid From Chamber

NEENAH—A Chamber of Commerce request for help from the City Council and Police Department in policing metered parking spaces during special evening shopping hours was denied Wednesday night by a council vote of 7-2.

Only two aldermen—Peter Fara and Warren Sanders — voted against Ald. Carl Coenen's motion for denial of the Chamber request.

In his letter to the council, John Konrad, executive secretary of the Twin City Chamber of Commerce, said that metered parking spaces are being taken early on Monday evenings and occupied by non-shoppers.

Twin City Merchants are remaining open on both Monday and Friday evenings. The extra Monday hours went into effect last month.

#### Spaces Filled

Konrad said that many shoppers are finding it impossible to park because the spaces are filled.

In reply to Konrad's letter, Mayor Bell pointed out that the city parking ordinance would have to be changed in order to permit the meters to be in operation until 9 p.m. on Mondays.

In addition, he said, the legend on the meters would have to be changed, at considerable expense, to show the new hours of operation.

#### Additional Burden

The mayor said merchants who adopted the Monday opening are by no means sure they want to continue it after Jan. 1. Such a policy would "impose an additional burden on the police force."

It would be undesirable to change the parking ordinance now and change it back two months later, he contended.

Following the mayor's remarks, Ald. Peter Fara moved the letter be referred to the Public Protection Committee for study and a recommendation at the council's next meeting.

## Boys Town Choir Sets Program

MENASHA — The program for the Boys Town Choir, scheduled for 8 p. m. tonight at the Menasha High School auditorium under sponsorship of the Menasha Athletic Association, will range from church music to American folk songs. Brahms, Schubert, Mozart and Stephen Foster are among the composers represented.

The choir is making its first appearance in the Fox Cities tonight as a stop on its 16th annual national tour. Tickets will be on sale at the box office tonight.

The program follows:

## Support Dodger to Serve Six Months In County Jail

OSHKOSH — Ronald G. Rogers, 33, formerly of Oshkosh was ordered by Municipal Judge Arnold J. Cane Wednesday to start serving a six-month Winnebago County jail term for probation violation.

Rogers was convicted of non-support of his wife, Lois, and one minor child, Oct. 5, 1960, and was placed on probation for six months.

He was returned from Brownsville, Texas, Tuesday by Winnebago County Authorities.

Rogers also is now facing a desertion charge and will be arraigned Friday after the court appoints an attorney for him. He is being held under \$2,000 bond on that charge.

Arthur Cupps, 37, Milwaukee, will enter a plea Friday on charges of jumping a board bill after he consults with a court-appointed attorney.

He is charged with staying at the Elm Tree Inn at Winnebago from July 12 to July 20 with his wife and child and paying the bill with a worthless \$60 check. Cupps is being held under \$500 bond.

## Taxpayers Praise Oshkosh Council

OSHKOSH—The Common Council and City Mgr. Raymond H. Haugh were complimented Wednesday night by Cortland Carrier, vice chairman of the Oshkosh Taxpayers Alliance, for holding the tax rate at \$41.20 and preparing a "realistic" budget.

Speaking at the public hearing on the proposed \$3,044,316 budget for 1962, Carrier said the taxpayers alliance was not "anti-tax" and realized that two things were inevitable — "death and taxes."

He said he felt the council had done a remarkably good job in eye protection, presented by holding the line in the face of a property valuation increase. The budget is a "well prepared and detailed document," Carrier said, and "we see little to criticize." Council President Robert Stauffer said he felt the city manager should receive most of the credit for the budget.

Members of the Twin City Safety Council Wednesday night learned just how difficult it would be to get along without eyesight as they attempted to do routine things while blindfolded. Earl Haufe of Neenah Foundry fumbles for a cigarette after having spilled tooth powder in attempting to get is on a toothbrush.

## Safety Council Test 'Sightless' Find Daily Tasks Become Difficult

NEENAH — Routine aspects of eyes. "The artificial eyes look good from the outside, but not on the inside."

## Oshkosh to Ask Rate Increase

OSHKOSH — The city of Oshkosh will petition the Wisconsin Public Service Commission for an increase in water rates amounting to between 37 and 40 per cent.

The requested increase is to bring the rates more in line for the six per cent return allowed water utilities by the PSC, help Powers pointed out 80 per cent pay off present utility bonds and to finance a water utility expansion program now in the planning stage.

There are artificial corrections in stage. City Atty. Fintan Flanagan said Saccu he said, and there are artificial that if the rate increases were

## Mears Attachment Request Approved by City Council

NEENAH — The City Council Wednesday night formally approved a petition by residents of a portion of the Mears District for attachment to the Neenah City School District.

Ald. Warren Sanders' motion, seconded by Ald. Richard Jones, was unanimously approved by a voice vote of the council.

A number of families in the Mears District, which is located in the Towns of Neenah and Vinland, have petitioned the County School Committee for attachment to Neenah for school purposes. Other portions of the present Mears district are seeking attachment to Oshkosh and Winnebago School Districts.

A public hearing on the petition will be held at 8 p. m. next Monday at the school.

"The petition has more significance than the small amount of land involved would indicate," Mayor Chester S. Bell told the council.

"It represents the first definite action on the part of some of the rural people to settle this thing. . . They're moving. I would expect some of the other districts to take similar action."

approved the water utility's re-go from \$2.50 to \$4. One-inch meter turn would still be just slightly or rates would increase from \$1.00 over four per cent. to \$5.

The biggest increase would be On the smaller meters, the ad-on five-eighth inch water meters ditional charge for the next 2,000 which serve most homes. The flat cubic feet of whater would in-rate for the first 1,000 cubic feet ecrease six cents to 28 cents per of water on these meters would 100 cubic feet.

# County Asks Plane Service To Sheboygan

## North Central Lines Oppose Requirement To Serve Area

WASHINGTON (AP) — Sheboygan County, Wis., asked the Civil Aeronautics Board today to uphold a recommendation of CAB Examiner Edward T. Stodola that North Central Airlines be required to provide service at Sheboygan.

Alexander Hopp, corporation counsel for Sheboygan County, said there is a need now for service to Sheboygan. He said it is inadequate for county residents to go to Manitowoc, 28 miles north of Sheboygan, or Milwaukee, 57 miles south, for air service.

The 5-man board took the case under consideration. There was no indication when a decision will be made.

A. L. Wheeler, counsel for North Central, opposed the application. He said that to provide service at Sheboygan would downgrade service to other communities in its feeder-line route, and the revenue to be derived from Sheboygan on Segment 10 of its

Indefinite Time

Stodola has recommended that North Central provide service to Sheboygan on Segment 10 of its Route 88, which operates between Milwaukee and Minneapolis-St. Paul by way of Appleton, Marshfield and Eau Claire.

Stodola recommended that service to Sheboygan be for an indefinite time, subject to the board's "use it or lose it" policy.

Wheeler argued that the area of the state in question is now honeycombed with air service. Milwaukee, Manitowoc, Oshkosh, Clintonville, Appleton, Green Bay and Stevens Point now have scheduled air service, he said.

Wheeler said persons seeking air service south could drive to Milwaukee to board planes. His statement that it would take only 74 minutes driving time from Sheboygan to Milwaukee was disputed by Hopp.

Hopp said it took him one hour and 45 minutes to drive to the Milwaukee airport and "even the sheriff couldn't do it in 74 minutes."

8000 Passengers

Hopp said it is generally agreed that about 8,000 passengers a year would use service at Sheboygan. He said also there has been a deterioration in service by other forms of common carrier transportation at Sheboygan.

Wheeler pointed out that North Central now uses DC-6 planes. If North Central were required to serve Sheboygan, he said, there would be a delay in the time when the line could put Convair service into Manitowoc.

## Chilton Man Found Dead in Garage

CHILTON — Henry F. Schreiber, 75, 169 E. Main St., was found dead in the garage at his home by his wife at 12:10 p.m. Wednesday.

Calumet County Coroner LeRoy Hughes said death was due to a heart attack. Schreiber was making some repairs to the garage and failed to come in for lunch. Hughes said Schreiber's wife found him slumped on the garage floor. The man had been in good health, Hughes said.

Schreiber has no other immediate survivors.

## Enlistments Still Open In Marine Six-Month Training Program

Major Warren F. Meissner, commanding officer of the Oshkosh unit of the Marine Corps Reserve, announced today that enlistments in the Marine Corps Reserve Six Months Training Program are still open to qualified young men between 17 and 26 years of age.

The six months training program offers young men the opportunity of enlisting in the Marine Corps Reserve for assignment to their local "Hometown" unit.

This program enables young men to attend six months duty training and upon completion, return home to fulfill the remainder of their service obligation by attending monthly drills and annual two week summer camp with their unit. High school seniors enlisting in this program are not sent to six months active duty training until graduation from high school.

Further information may be obtained by contacting the Marine Reserve at the Navy and Marine Corps Reserve Training Center, Menominee Park, Oshkosh.

## Portraits Damaged by Plastic Bomb in Home Of French Pretender

PARIS — King Henry IV of France and the Duke of Orleans were the only victims of a plastic bomb that exploded in the home of the Comte de Paris, pretender to the French throne.

The two portraits were damaged along with a tapestry. The pretender and his family were away at the time.

The bomb was believed to be the work of the Secret Army Organization (OAS) which accuses the no. 1 royalist in France of being too ardent a sympathizer of President de Gaulle, the no. 1 Republican.

The point on which the Comte agrees with De Gaulle is on Algeria. Even after the death of the Comte's second son in the fighting in Algeria he wrote to the settler population there "Follow De Gaulle."

## Truman Not Worried About Nuclear War

KANSAS CITY, Mo. (AP) — Former President Harry S. Truman told a group of college presidents he isn't worried about the outbreak of a nuclear war.

He explained "Out by my home town of Independence there is a railroad underpass. When you drive up to it, you have to make a right-angle turn to get into the underpass and on the other side you have to make a right-angle turn to get out of it."

"I asked an engineer one day what could be done about it, and he told me 'That thing's so damned dangerous, it's safe.'"

"And that's just the way it is with a nuclear war, it's so dangerous it's safe."

## Hobby Club Contests Winners Announced

Two Neenah youngsters are the only winners of packets of magic age cards offered as prizes for the most neatly prepared entries in the owl puzzle Young Hobby Club contest published Nov. 1 in the Appleton Post-Crescent.

They are Colleen Beach, 7, 733 1/2 Main St., and Claud Heohn, 10, 464 S. Commercial St.

The grand national prize of a rotary printing press went to one Wisconsin girl, Rebecca Blahnik, 13, Luxemburg.

# Petition Requests School Attachment

## Electors Demand Harrison Join Kaukauna District

A petition was filed Wednesday with the Calumet County clerk requesting attachment of the entire Harrison School District to Kaukauna, with the exception of two areas previously attached to Appleton and Hilbert. No hearing date has been set.

The petition was signed by 297 electors.

By state law, all school districts must be in a high school district by July 1, 1962, or they will be placed in one by the county school committee.

The western and north lake-shore area of the Harrison District was attached to Appleton Oct. 31. At that time the Outagamie and Calumet county school committees expressed dissatisfaction with the way the boundary lines were drawn and said that changes may be made later.

The attachment to Appleton was approved at a second hearing, after an earlier petition was denied by the committees on Sept. 25.

Strong sentiment was expressed at both hearings favoring attachment to Kaukauna or to Kimberly.

Opponents of the Appleton attachment feared that the Harrison School at Sherwood would be

# Appleton Tax Rates Hiked For '62 Budget

CONTINUED FROM PAGE 1

we can, in effect, get every fourth year free." (Aldermen have said that eventually the entire \$300,000 annual sewer program should be financed with cash.)

Before the sewer money was put back in the budget the tax rate hike in the Outagamie County section of the city would have been \$1.50 and in Calumet County, 45 cents.

Anticipated revenue from other sources was boosted \$113,000—\$90,000 in state income tax shares, \$25,000 in surplus fund transfer, \$5,000 in utility taxes from the Wisconsin Telephone Co., and \$3,000 in gasoline tax allotments.

"We continually underestimate our incomes from other sources," Alder, Homer Malmstrom said. "This is wrong. We shouldn't end each year with a surplus of \$300,000 and \$400,000. Industry would never operate like this. We, like industry, should end the year with zero dollars."

Ald Mrs. Dorothy Stillings presented some charts she made to show that some revenues from other sources have increased substantially every year. "There's no reason to believe they won't increase again next year," she said.

**Items Deleted**

Here are the items slashed from the budget Wednesday:

About \$2,300 for department heads to attend national conventions.

A bookmobile for the library, \$24,000. That amount was to buy the unit in 1962. Money to outfit it was supposed to be provided in the 1963 budget. (It takes nine months to get the custom-made unit.)

Board of education, \$18,000. That means a total reduction in the school budget of \$43,000. The city budget committee had cut \$25,000.

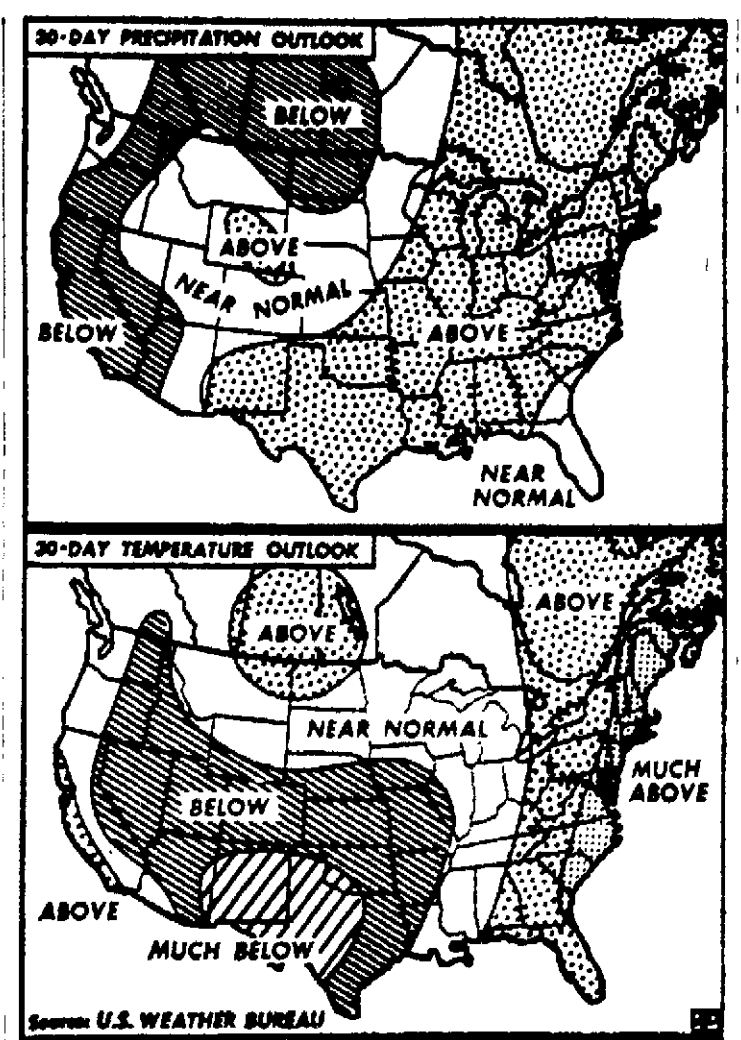

New city garage site and architect, \$10,000 for architect fees. Aldermen felt that because the garage won't be built immediately there is no need to hire an architect now.

Police department, \$2,000 for a cash register to keep a running account of fine and bond money. Aldermen said it is not needed.

Fire department, \$9,140 for salary for two additional men, \$350 for their clothing allowance, and \$2,000 for a pick-up truck. Two more men and the truck are not needed, councilmen said.

Storm sewer account, \$25,000.

City hall, \$2,200 for new sidewalks to replace the present brick walks.

These Maps, Based on Those supplied Wednesday by the U. S. Weather Bureau, forecast probable temperatures and precipitation for the next 30 days.

# More Study Planned at Riverview

FOND DU LAC—"They've got us over a barrel and we don't know how to get out of it," commented the Fond du Lac County Board Chairman Walter G. Hollander, as he referred to the Winnebago County Board's action for more study on the future Sunnyview Sanatorium.

Winnebago County Board members last week turned down a resolution by Supv. Laurel Heaney, Town of Neeenah, welfare board chairman, to provide \$10,000 for structural changes at the sanatorium and to convert its first floor into a general hospital for chronically ill patients.

Winnebago board members said they wanted to look at the entire picture and know all the costs, before it stamped its approval on such a project.

**Noted 'Animosity'**

Supv. Patricia Fox, a member of Fond du Lac County's Sunnyview Sanatorium Committee, told the county's board of supervisors at its session this week that she noted "animosity" between Winnebago County's welfare and institutions committees.

The counties jointly own the sanatorium and share its capital expenditures. Hollander pointed out Fond du Lac County has one patient among the 21 tubercular patients at the sanatorium. He said there are 34 to 38 employees and 60 empty rooms at the sanatorium.

**Not Do Anything**

G. W. Lambert, Ripon, president of the Sunnyview Sanatorium Board of Trustees, said he understood Winnebago County did not want to do anything until its Pleasant Acres Home was filled.

The Winnebago County Board last week directed its Institutions Committee to make a study of the sanatorium's future but provided no money for securing professional advice, such as by an architect.

The Fond du Lac County Board has been pushing for a dual-purpose institution so some of its welfare clients now being cared for in private nursing homes could be transferred to a county general hospital and thus reduce the costs for their care.

# Artist Builds Concert Around Three Masters

## Louis Marshall Sings For Artists Series Friday at Chapel

Canadian soprano Lois Marshall has built her concert for the Lawrence Community Artist Series program Friday night around the best of three master song-composers, Schumann, Strauss, and Debussy. Concert time is 8:15 p.m. at the Memorial Chapel.

The 1840 Song Cycle, "Frauenliebe und-leben" of Schumann, Debussy's 1897 "Chansons de Bilitis," plus incidental samplings of Richard Strauss form the core of her program.

Miss Marshall will open with five 17th Century songs of the Englishman, Purcell. One among them, "If Music be the Food of Love," was carefully revised and reworked for over three years before Purcell found satisfaction in it.

**Eight Songs**

The "Frauenliebe" cycle includes eight songs written by Schumann in July of 1840, within two months of his impending marriage. It was part of a great outpouring of his songs that year, the Amherst Junction Woman's Club on soil conservation.

**Teacher to Talk**

AMHERST — Chester Nowak, agriculture instructor at Tomorrow River Schools, will speak to outpouring of his songs that year, the Amherst Junction Woman's Club on soil conservation.

CONTINUED FROM PAGE 1

\$94,990, and hiked anticipated revenues \$113,000. Even so, the tax rate went up \$2.10 in the Outagamie County section of the city, and \$1.05 in the Calumet County portion.

Lloyd F. Taylor, vice president of the Appleton Taxpayers Association, read an eight-page prepared statement from his organization, requesting a \$376,141 slash in the 1962 tax levy. This would have brought the tax rate increase down to 22 cents, Taylor said.

The group recommended spending cuts of \$257,141, and an income boost of \$110,000.

**School Budget**

Mrs. Myrl Davis, president of the board of education, and Superintendent of Schools Royce Krutz both spoke in support of the school budget.

Mrs. Davis said the 1962 school budget is higher because of bigger enrollments, and because the city needs to keep its teacher salaries competitive in order to get and keep top quality personnel.

"We don't want the best teachers to go somewhere else so that we end up with what's left," she said.

Kurtz took issue with some statements the taxpayers made, which claimed that the school system here is among the most costly in the state to operate.

The taxpayers group said a study of 10 cities of comparable size showed Appleton was highest in elementary school operating costs, second highest in high school costs and second high in total operating costs.

**Questions Data**

Kurtz said that according to

data he has, Appleton is third in elementary costs and ninth in high school costs. He said total operating cost figures are based on salaries and the quality of school system operated. "It's hard to make comparison between cities on these figures," he said.

Elmer Otte, representing the library board, told aldermen that the library is the only school left for most people after they complete their formal education.

"We believe that a bookmobile is needed to provide that service," he said, "especially when you consider the present library was built when Appleton's population was only 15,000."

He told of requests from older persons for bookmobile service because they can't get downtown from women with young children who must stay home to care for Geoffrey Mueller, president, Lois them and from mothers who do Stommel, vice president, Marge not want to send their youngsters Brantmeier, secretary, and John Brantmeier, treasurer.

## Snow, Rains Hit Midwest; Winter's Here

BY THE ASSOCIATED PRESS

Old Man Winter began huffing and puffing at Wisconsin today as the first big storm of the late autumn season dumped snow on the north and heavy rain on the south.

In some areas sleet was mixed with the snow.

The weatherman said that, generally speaking, the measurable snowfall would be confined to the upper half of the state, but flurries would fall in the southern half.

Tomah reported 4 inches of snow on the ground at mid-morning and it was still snowing. Sparta had 3 inches. Wisconsin Rapids reported about one-half inch of slushy snow.

The Winona, Minn., area recorded 5 inches by 8 a.m.

Heaviest rainfall was in the southwestern corner of the state where 3.72 inches fell in the 24-hour period ending at daybreak today. Beloit had 2 1/2 inches, Racine 1.80, Madison 1.35, Lone Rock 1.06 and Milwaukee .88.

Nighttime temperature minimums ranged from 30 in the Superior region to 43 at Racine.

Maximums Wednesday were topped by Lone Rock's 52. The coldest spot was Park Falls with 36.

Tampa, Fla., topped the country Wednesday with 88 degrees, compared with a low of 6 below zero early today at Livingston, Mont.

## Downtown Kiwanis Selects Officers

The Downtown Kiwanis Club elected Robert W. Johnson, president, at its meeting Wednesday.

Others elected were Gorge R. Sears, first vice president; William A. Sello, second vice president, and Robert Zschaechner, secretary-treasurer.

Elected to the board of directors were Robert T. Duncan, Robert Kennedy, Edward V. Krueger and James Vosper.
